All storage tanks shall be drained of water a minimum of once each week and whenever storage tank gauging indicates water is present. (Weekly water drainage is necessary because the datum plate may not necessarily be the low point in the storage tank. Water could possibly accumulate below the datum plate and not show up in the gauging process.) Additionally, all storage tanks shall be drained of water prior to any transfer of fuel and after a minimum of 4 hours or maximum of 24 hours settling time following each product receipt. Storage tanks equipped with floating roofs shall be gauged for water after each rain and drained if water is found present. Product and water levels shall be gauged before and after the draining of water. Water gauges of each storage tank shall be taken and recorded each time it is gauged for product. (Each storage tank shall be equipped with a fuel/water separation system for collection of all product or water dispensed from its bottom water drain(s). This system shall have the capability to return separated product back into the same storage tank.) (DESC 52.211-9FM1)

#### **C19.07 SAMPLING AND TESTING OF PETROLEUM PRODUCTS (STORAGE) (DESC OCT 2001)**

(The full text of this clause is included in the **Offeror Submission Package at Attachment 2**)

(DESC 52.246-9FE5)

#### **E1.11 QUALITY CONTROL PLAN (DESC MAR 2000)**

(a) Upon award, the Contractor shall prepare, in triplicate and in English, a Quality Control Plan (QCP). Prior to the first receipt of Government-owned product into the facility, two copies of the QCP shall be forwarded to the Contracting Officer and one copy to the assigned Quality Assurance Representative for approval.

(b) The QCP shall include the following quality control procedures employed by the Contractor.

- (1) Receiving (both product and additives);
- (2) Blending;
- (3) Sampling;
- (4) Testing;
- (5) Storage and handling;
- (6) Loading and shipping;

(7) Calibration program for testing and measuring equipment in accordance with ISO 10012-1, "Quality Assurance Requirements for Measuring Equipment, Part 1." Equivalent local regulation, as appropriate, may be used as well. Whichever program used must include a section addressing meter proving (used to determine quantity) and must comply with the American Petroleum Institute Manual of Petroleum Measurement Standards, Chapters 4, 5, and 6, or equivalent foreign standard. For any item that requires calibration but is not covered by ASTM, API, or IP publications, the applicable manufacturer's recommended calibration method(s) outlined in the applicable industry publication shall be used if acceptable to the Government;

- (8) Quantity measurement;
- (9) Records and reports; and

(10) Corrective action procedures (to include, but not be limited to, procedures for notification of Quality Representative, actions to be taken on discovery of off-spec product during receipts/shipments, upgrading procedures for Contractor-caused contamination, leaks, etc.). The QCP shall also include an organizational chart of key personnel and their responsibilities and a schematic diagram of the facility with key inspection/activity points marked for each product handled.

(c) The QCP shall require that each Contractor employee be familiar with its content and shall state that it must be reviewed semiannually and revised as needed. Revision should occur when any change is made to the inspection system, when any corrective action needs to be incorporated due to quality problems, and as otherwise necessary. The Contractor shall sign and date each revision of the QCP. (DESC 52.246-9F32)

### **E5.03 INSPECTION OF SERVICES - FIXED-PRICE (AUG 1996)**

(a) **DEFINITION. Services**, as used in this clause, includes services performed, workmanship, and material furnished or utilized in the performance of services.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.

(c) The Government has the right to inspect and test all services called for by the contract, to the extent practicable, at all times and places during the term of the contract. The Government shall perform inspections and tests in a manner that will not unduly delay the work.

(d) If the Government performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties.

(e) If any of the services do not conform with contract requirements, the Government may require the Contractor to perform the services again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by reperformance, the Government may (1) require the Contractor to take necessary action to ensure that future performance conforms to contract requirements and (2) reduce the contract price to reflect the reduced value of the services performed.

(f) If the Contractor fails to promptly perform the services again or to take the necessary action to ensure future performance in conformity with contract requirements, the Government may (1) by contract or otherwise, perform the services and charge to the Contractor any cost incurred by the Government that is directly related to the performance of such service or (2) terminate the contract for default. (FAR 52.246-4)

### **E18 INSPECTION AND CLEANING OF BULK PETROLEUM STORAGE TANKS (DESC NOV 1999)**

- (iv) For storage tanks with direct receipt of fuel from barge or tanker, the frequency for physical entry inspection and cleaning will be 3, 5, and 8 years for (i), (ii), and (iii) above, respectively.
- (v) Tanks will be emptied, cleaned, and inspected more frequently than the periods stated in (i) through (iv) above when sample analysis indicates a build up of sediment in the tanks.
- (2) **GROUND AND MARINE FUEL STORAGE TANKS.** Tanks will be emptied, cleaned, and inspected when sample analysis indicates a build up of sediment in the storage tanks.
- (c) The time for cleaning will be measured from the date of the last cleaning regardless of whether the tank was under contract with DESC at the time of the last cleaning.
- (d) MIL-STD-457B, dated March 20, 1989, is hereby incorporated by reference. Samples will be taken and tested at Government expense. If tank cleaning is required earlier than the criteria listed in (b)(1) above and the Government is shown to be at fault, then the Government will be responsible for cleaning, sampling, and testing costs. In all other cases, tanks requiring cleaning will be removed from revenue and cleaned at the Contractor's expense.

**E28 CONTRACTOR INSPECTION RESPONSIBILITIES (STORAGE) (DESC OCT 2002)**

(a) Inspection and tests by the Government of services, facilities, and equipment specified within this contract does not relieve the Contractor from responsibility to meet all requirements of the contract.

(b) The Contractor shall furnish personnel, facilities, and equipment on-site to accomplish the following routine tests and procedures. These on-site resources may be provided by Contractor personnel or by a commercial source action on behalf of the Contractor. The Quality Representative will not be responsible for performing any of these services for the Contractor.

(1) Sampling of storage tanks, shipments and receipts in accordance with ASTM D 4057, Standard Practice for Manual Sampling of Petroleum and Petroleum Products (API Manual of Petroleum Measurement Standards (MPMS), Chapter 8.1);

(2) Retaining of product composite samples from shipments and receipts as follows:

<u>METHOD OF SHIPMENT</u>	<u>MINIMUM QUANTITY</u>	<u>MINIMUM RETENTION PERIOD</u>
Pipeline	20 liters	60 days
Tanker/Barge		
Parcel Composite	20 liters	90 days
Each compartment	0.5 liters	90 days
Navy Fleet Oilers/Vessels	10 liters	60 days
Tank Truck/Car	1 liter	15 days

**NOTE:** After the minimum retention period, samples shall be tested for Appearance, Color (Visual), API Gravity/Density and Flash Point and, if found to be on-specification, shall be returned to like Government stock on-site. Sample containers may be reused if properly cleaned.

(3) Determining the presence of water in storage tanks, shipments and receipts. Ensure that accurate water cuts are obtained by means of a water indicating paste conforming to MIL-W-83779B. Two suggested sources are Stewart Hall Chemical Testmaster Water Indicating Paste or Sartomer Sar Gel Water Indicating Paste (see Note 2 below);

(4) Determining Density at 15 degrees Celsius or API gravity of products by ASTM D 1298 or ASTM D 4052 (see Note 2 below);

(5) Determining the temperature of products by the API MPMS, Chapter 7 (see Note 2 below);

(6) Determining the Appearance of applicable products using ASTM D 4176, Procedure 1 (see Note 2 below);

(7) Determining the visual color of products.

(8) Determining the Flash Point of applicable products using test methods cited in the appropriate product specification (see Note 2 below);

(9) Conversion of gross to net gallonage (liters);

(10) Determining the percentage (volume) of fuel system icing inhibitor (FSII) by means of a portable refractometer in accordance with ASTM D 5006. One suggested source is H.B. Industries, Inc., Glenview, IL 60025 (B/2 Anti-Icing Additive test kit) (see Note 2 below); and

(11) Determining the range of fuel electrical conductivity using ASTM D 2624. One suggested source for a conductivity meter is Emcee Electronics, Inc., Sarasota, FL 33581 (Model 1152) (see Note 2 below).

**Note 1: All costs for providing the above tests and procedures shall be included in the monthly service charge. The only exception to the Contractor's obligation to provide these services as part of the monthly service charge is when the tests described above are part of the higher order analysis (defined as the following categories: Composite Samples, Storage Tanks After Receipt, Interface Mixtures, Dormant Stocks and Individual Tests (including particulate contamination) found in the attachment to the solicitations entitled MINIMUM REQUIREMENTS FOR STORAGE SAMPLING AND TESTING. Provisions for providing higher order analyses are covered in the SAMPLING AND TESTING OF PETROLEUM PRODUCTS (STORAGE) clause.**

**Note 2: Upon request, the Contractor shall permit the Quality Representative unrestricted use of the equipment and ancillary supplies needed to perform this test/procedure on behalf of the Government.**

(c) During the contract, the Contractor shall furnish representative samples of the product in each storage tank, shipment or receipt at the request of, and in the manner and to the place designated by, the Quality Representative. Sample size will be 2 gallons for gasoline-type fuels and one gallon or 10 gallons for jet diesel-type fuels. The number of samples to be furnished during any 12-month period shall not exceed eight times the number of tanks specified in the contract. Such samples shall be packed, marked, and shipped by the Contractor, shipping expense prepaid, in containers and shipping boxes furnished by the Contractor. Sample containers shall be epoxy coated on the interior. This requirement is in addition to sampling required elsewhere in this clause and the contract. All reasonable direct shipping costs associated with samples required by this paragraph shall be reimbursed upon request from the Contractor and such costs shall not be included in the monthly service charge. However, all other costs related to this requirement shall be included as part of the monthly service charge. (DESC 52.246-9FE1)

#### **E34 TEST FOR SULFIDES IN WATER (DESC MAY 1987)**

(a) **SCOPE.** This method describes a procedure for determining the presence of hydrogen sulfide, which is sometimes formed as a result of bacterial action on the sulfates contained in water bottoms in fuel storage tanks.

(b) **APPARATUS.** 250 ml conical flask.

(c) **MATERIALS.**

(1) Dilute (10%) chemically pure sulfuric or hydrochloric acid.

(2) Lead acetate paper.

(d) **SAMPLES.** Representative water samples from storage tank bottoms must be taken in a glass bottle. In some cases it will be necessary to take the water sample in a Bacon bomb sampler. Samples so taken will always be transferred to a glass bottle. To preclude oxidation by air, the filled bottle must be capped immediately. The sample should be tested as soon as possible after sampling to minimize possible changes in the composition of materials in the water.

(e) **PROCEDURE.**

(1) The sample must be shaken thoroughly just prior to performing the test to make certain that any sediment present is included in the portion of the sample to be tested.

(2) Transfer 100 ml of the shaken sample into a conical flask. Add 20 ml of dilute (10%) chemically pure sulfuric or hydrochloric acid to the flask. Immediately place a piece of lead acetate paper folded in a "V" shape in the neck of the flask. Bring the water to a boil and continue to gently boil for three or four minutes.

(f) **REPORT.** The presence of sulfides in the sample will be reported if the lead acetate paper shows a black or brown discoloration. (DESC 52.246-9FN5)

#### **E36 INSPECTION (STORAGE) (DESC FEB 1970)**

The facilities to be provided hereunder shall be ready for inspection and acceptance **15 days prior to contract performance date**. The Contractor shall notify the Contracting Officer of the date such tanks and facilities are available for inspection and acceptance, and the Contracting Officer, or his designated representative, shall promptly thereafter inspect such tanks and facilities. No payment will be made for services performed or facilities provided prior to the **1 January 2004**. (DESC 52.246-9FD5)

#### **E50 RESPONSIBILITY FOR SUPPLIES (APR 1984)**

(a) Title to supplies furnished under this contract shall pass to the Government upon formal acceptance, regardless of when or where the Government takes physical possession, unless the contract specifically provides for earlier passage of title.

(b) Unless the contract specifically provides otherwise, risk of loss of or damage to supplies shall remain with the Contractor until, and shall pass to the Government upon--

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or

(2) Acceptance by the Government or delivery of the supplies to the Government at the destination specified in the contract, whichever is later, if transportation is f.o.b. destination.

(c) Paragraph (b) above shall not apply to supplies that so fail to conform to contract requirements as to give a right of rejection. The risk of loss of or damage to such nonconforming supplies remains with the Contractor until cure or acceptance. After cure or acceptance, paragraph (b) above shall apply.

(d) Under paragraph (b) above, the Contractor shall not be liable for loss of or damage to supplies caused by the negligence of officers, agents, or employees of the Government acting within the scope of their employment. (FAR 52.246-16)

### **SECTION F – DELIVERIES OR PERFORMANCE**

#### **F1.04 GENERAL RECEIVING AND STORING CONDITIONS (DESC OCT 1997)**

(a) Notice will be furnished to the Contractor of upcoming product receipts. The notice will include the method of receipt, the source, grade, or type of product, and any special instructions.

(b) The Contractor shall transfer and store each grade of product in a manner that preserves the quality of the product and will prevent contamination. The responsibility for preventing contamination rests with the Contractor.

(c) When requested, the Contractor will transfer product between tanks to consolidate like types or grades.

(d) Whenever a product is to be removed from a tank to accomplish cleaning or repair of the tank, or to change product, or to effect the release of the tank to the Contractor, the Contractor shall strip such tank to preclude loss of recoverable fuel. The Contractor shall provide the Quality Assurance Representative (QAR) with information pertaining to the amount of fuel deemed unrecoverable, the reason why the fuel cannot be recovered, and an analysis of the unrecovered fuel quality. All unrecoverable tank bottoms/line fill quantities will be reported to the Property Administrator for disposition instructions. Contaminated/off-specification product will be reported to the QAR in order to obtain disposition instructions. Tanks out of service for repair shall be removed from revenue until such time as they are returned to Government Service. Tanks out of service for cleaning shall be governed by the INSPECTION AND CLEANING OF BULK PETROLEUM STORAGE TANKS clause.

(e) Custody of product received by pipeline, and risk of loss thereof, shall pass from the carrier to the Contractor when the product passes the flange connecting the carrier's pipeline and the Contractor's pipeline.

(i) The Contractor shall be notified in advance of the scheduled arrival date. Each notice will specify the quantity to be delivered, the cargo number, the name of the vessel, and the scheduled arrival date. For tankers, the notice will also include the size of the vessel and the expected time of arrival. For tankers, the notice of delivery will be furnished at least 72 hours in advance of the scheduled arrival date; for barges, at least 48 hours in advance of the scheduled arrival date. The Government will provide the maximum notice practicable when the anticipated vessel transit time from the loading point is less than the 72/48 hours. Changes in the scheduled arrival date that will provide less than the 48 hours notice for barges and the 72 hours notice for tankers will require the verbal approval of the Contractor. This verbal approval is to be confirmed in writing as soon as practicable.

(ii) The Contractor shall provide a reachable berth, free of charge, where the vessel can be safely moored and afloat with necessary access thereto as soon as possible, but no later than, for barges, within 3 hours after issue of notice of readiness to unload, and, for tankers, within 6 hours after issue of notice of readiness, PROVIDED --

(A) If the vessel is tendered for unloading on a date earlier than the last agreed scheduled arrival date, the Government's vessel shall be unloaded as soon as possible in its proper turn with other vessels, and laytime shall not commence until the vessel moors alongside or, for barges, 3:00 A.M. local time; for tankers, 6:00 A.M. local time, on the last agreed scheduled arrival date, whichever occurs first.

(B) If the vessel is tendered for unloading later than 12:00 noon of the day following the last scheduled arrival date, the vessel shall be unloaded in its proper turn with other vessels. Laytime shall commence when the vessel moors alongside, provided a good faith effort is made by the Contractor to moor the vessel in its turn with other vessels as loading berths become available.

(iii) Laytime shall commence either (A) at the expiration of the notice period prescribed in subparagraph (ii) above, berth or no berth, or (B) immediately when the vessel moors alongside, with or without notice of readiness, whichever occurs first.

(iv) Laytime, once started, shall continue 24 hours per day, 7 days per week, without interruption, from its commencement until unloading of the barge or tanker is completed and hoses have been disconnected.

(v) Unless otherwise provided in the Schedule, the Contractor shall be allowed and will complete unloading within laytime determined as follows:

(A) **FOR BARGES:** One hour for each 2,000 barrels of product to be unloaded.

(B) **FOR TANKERS:** Thirty-six hours of discharge of a full vessel cargo. When partial vessel cargoes are to be unloaded, the 36 hours will be prorated based on quantities discharged in each port.

(vi) Hoses and loading arms for unloading a barge or tanker will be furnished, connected, and disconnected by the Contractor.

**(2) INCREASES TO BASIC ALLOWED LAYTIME.**

(i) If, after laytime commences, the conditions or facilities of the barge or tanker to be unloaded do not permit unloading, basic allowed laytime shall be increased by the duration of the delay.

(ii) If the vessel is delayed in reaching its berth and the delay is caused by the fault of the vessel, basic allowed laytime shall be increased by the duration of the delay.

(iii) If the vessel owner's or operator's regulations prohibit unloading at any time after laytime has commenced, the lost time shall be added to the basic allowed laytime.

(iv) If, for any reason, the Contractor is delayed in unloading the barge or tanker because of actions of a Government representative, acting under the contract, that arise through no fault or negligence on the part of the Contractor or its subcontractors, basic allowed laytime shall be increased by the duration of the delay.

(v) There will be no increase to basic allowed laytime (nor other reductions to any resulting demurrage time) for saved laytime arising out of other loadings/discharges.

(vi) Delays, after commencement of laytime, attributed to causes beyond the control and without the fault or negligence of the Contractor or the U.S. Government will result in increasing the basic allowed laytime by one half of the delay time.

**(3) PAYMENT OF DEMURRAGE.** For all hours of laytime which elapse in excess of the basic allowed laytime for unloading provided for by subparagraph (k)(1)(v), or as otherwise provided in the Schedule, the Contractor shall pay demurrage to the Government as follows:

(i) **USS, USNS, OR TIME CHARTERED VESSELS.** At the demurrage rate for the vessel loaded computed to the nearest whole hour as published by the Military Sealift Command and in effect on the date the loading of the vessel is completed.

(ii) **VOYAGE CHARTERED VESSELS.** At the demurrage rate cited in the charter, except that the demurrage payable by the Contractor shall in no event exceed the demurrage expense incurred by the Government under the Charter.

(DESC 52.211-9FJ5)

**F1.05 GENERAL SHIPPING CONDITIONS (DESC OCT 1997)**

(a) The Contractor will prepare the inspection and shipment documents covering deliveries made from the terminal in accordance with instructions contained in the Documentation and Product Property Control Plan. Normally, the document will consist of DD Form 250 for tank car, tank truck, pipeline, and packaged shipments, and

DD Form 250-1 and ullage/innage reports in the case of barge and tanker shipments. The Contractor will distribute the DD Forms 250 and the Quality Representative (QR) will distribute the DD Forms 250-1. When the QR is not present for release or shipment of product inspected at these facilities, and the Contractor's quality control program has been approved by the responsible Government Quality Office in accordance with paragraph 246.471 of the DOD FAR Supplement, the Contractor will insert the following certification on the inspector's copy of the shipping documents:

"I certify that the above supplies were (a) in the quantity indicated, (b) taken from Government-owned and approved stocks, and (c) loaded into inspected and approved containers. This shipment was released in accordance with paragraph 246.471-2 of the DoD FAR Supplement under authorization of (NAME and TITLE OF THE AUTHORIZED REPRESENTATIVE OF THE CONTRACT ADMINISTRATION OFFICE) in a letter dated (DATE OF AUTHORIZING LETTER). (SIGNATURE AND TITLE OF CONTRACTOR'S DESIGNATED REPRESENTATIVE)."

(b) Shipment of products hereunder will be made only pursuant to a "release" furnished by the Product Property Administrator or his designated representative. The "release" will indicate the consignees who are authorized to issue "calls" or "orders" for shipment of product. Such "release" will be periodically furnished to the Contractor by the cognizant Product Property Administrator.

(c) Conveyances required for shipments shall be furnished or designated by the Government. The Contractor shall inspect all shipping conveyances prior to loading to insure that product loaded will not be lost or contaminated by the condition of the equipment. Tank truck inspection must be performed by qualified Contractor personnel. Delegation of this responsibility shall not be passed to the tank truck operator/driver. The tank truck operator/driver may be permitted to physically load the tank truck; however, the loading operation must be under the surveillance and direction of Contractor personnel. Equipment found to be unsatisfactory shall be reported as follows: (1) TANKERS AND BARGES. Report immediately by telephone to the QR; if not present, the master of the tanker or barge or to the carrier's agent or general office; (2) TANK CARS. Report to the QR and by wire (Government Rate, Collect) to Commander, Eastern Area, Military Traffic Management Command, ATTN: MTE-INR-O, Brooklyn, NY 11250. Any shortage or overage of tank cars shall be similarly reported; (3) TRANSPORT TRUCKS. Contractor shall expeditiously report to the Traffic Manager of the appropriate Defense Fuel Region, Government QR, and to the carrier's terminal where equipment is domiciled.

(d) Except when loading barges or tankers, or making pipeline deliveries, strainers of 100 mesh or finer shall be utilized in loading aviation fuels and jet lubricating oil and 60 mesh or finer in the case of reciprocating engine oil. Strainers shall be located as near the loading point as practicable. Contractor shall furnish and periodically inspect and clean such strainers and repair same, if necessary, keeping a written record thereof.

(e) Contractor shall affix serially numbered seals to the dome covers of tank cars and all openings in the case of tank trucks in such a manner that entry could only be gained by breaking a seal. Such seals will be furnished by the Contractor. Seal numbers will be indicated on shipping documents.

(f) Placards, as required by 49 CFR 172.506 and 49 CFR 172.508, shall be furnished and affixed to all tank cars and tank trucks by Contractors unless placards are already affixed.

**(g) FOR TANK CARS ONLY.**

(1) If Government-owned or leased tank cars are furnished, the Contractor will maintain records showing each day a car is received or forwarded by car number and will furnish the information to the Defense Fuel Regional Office upon request.

(2) Bottom outlet gaskets and manway cover gaskets, when required due to deterioration or loss, shall be furnished and applied to tank cars by the Contractor.

(3) The Contractor shall (i) inspect empty Government-owned tank cars located on the Contractor's premises and (ii) ship tank cars located on the Contractor's premises to repair facilities as directed by the Government.

(h) Unless otherwise directed, the Contractor shall prepare and distribute Government bills of lading utilized in shipments. Such bills of lading, routing instructions, and transportation assistance will be furnished by the Defense Fuel Region placing orders.

(i) The Contractor shall comply with routing instructions furnished by the Government. Such instruction will include names, routes, route order numbers, and other pertinent information. The Contractor shall be

responsible for scheduling of commercial transport trucks, trucks and trailer, and tank wagons to its plant in accordance with such routing instructions and consonant with the applicable order. The Contractor shall provide sufficient advance notice to carriers and schedule the carrier's equipment for loading. The Contractor shall reimburse the Government for any demurrage incurred as a result of improper scheduling.

(j) Custody of product shipped by pipeline, and risk of loss thereof, shall pass from the Contractor to the carrier when the product passes the flange connecting the Contractor's pipeline and the carrier's pipeline.

(k) Custody of product shipped by transport truck, and risk of loss thereof, shall pass from the Contractor to the carrier when the loaded transport truck is released for shipment by the Contractor.

(l) Custody of product shipped by tank car, and risk of loss thereof, shall pass from the Contractor to the carrier when the loaded tank car is picked up by the carrier.

(m) Custody of product delivered to tanker or barge, and risk of loss thereof, shall pass from the Contractor to the carrier when the fuel passes the vessel's permanent hose connection.

(n) The Contractor shall be held accountable for demurrage charges arising from delay(s) in shipment by tank cars and transport trucks except when those delays are caused by reasons beyond the control and without the fault or negligence of the Contractor and its subcontractors.

(o) The following subparagraphs only apply to barges and tankers.

**(1) SCHEDULED ARRIVAL DATE AND BASIC ALLOWED LAYTIME.**

(i) Notice shall be furnished to the Contractor in advance of the date on which loading is to be made, which date is hereinafter referred to as the "Scheduled Arrival Date." Each notice will specify the quantity to be loaded, the cargo number, and name of the vessel and the scheduled loading date. For tankers, notice will also include the size of the vessel and the expected time of arrival. Notice of delivery will be furnished at least 72 hours in advance of the scheduled arrival date for tankers, and at least 48 hours in advance of the scheduled arrival date for barges. When anticipated vessel transit time to the loading point is less than 72/48 hours, the Government will provide the maximum notice practicable. Any change in the scheduled arrival date of less than 48 hours notice for barges and 72 hours notice for tankers will require verbal approval of the Contractor, confirmed in writing..

(ii) The Contractor shall provide as soon as possible, but within 3 hours after issue of notice of readiness to load from a barge and within 6 hours after the Contractor receives notice of readiness to load from a tanker, a reachable berth, free of cost to the Government, where the vessel can be safely moored and afloat with necessary access thereto PROVIDED, however --

(A) If the vessel is tendered for loading on a date earlier than the last agreed scheduled arrival date, the Government's vessel shall be loaded as soon as possible in its proper turn with other vessels, and laytime shall not commence until the vessel moors alongside or, for barges, 3:00 A.M. local time; for tankers, 6:00 A.M. local time, on the last agreed scheduled arrival date, whichever occurs first.

(B) If the vessel is tendered for loading later than 12:00 noon of the day following the last scheduled arrival date, the vessel shall be loaded in its proper turn with other vessels. Laytime shall commence when the vessel moors alongside, provided a good faith effort is made by the Contractor to moor the vessel in its turn with other vessels as loading berths become available. If the vessel is not moored in its proper turn with other vessels, laytime will commence at 6:00 A.M. on the date the Government vessel's turn occurred.

(iii) Laytime shall commence either (A) at the expiration of the notice period prescribed in subparagraph (ii) above, berth or no berth, or (B) immediately when the vessel moors alongside, with or without notice of readiness, whichever occurs first.

(iv) Laytime, once started, shall continue 24 hours per day, 7 days per week, without interruption, from its commencement until loading of the barge or tanker is completed and hoses have been removed.

(v) Unless otherwise provided in the Schedule, the Contractor shall be allowed and will complete unloading within laytime determined as follows:

(A) **FOR BARGES:** One hour for each 2,000 barrels of product to be loaded.

(B) **FOR TANKERS:** Thirty-six hours for load of full vessel cargo. When partial vessel cargoes are to be loaded, the 36 hours will be prorated based on quantities loaded by each supplier. The 36 hours includes allowances for routine events that occur in the loading process, such as cushioning and topping off of vessel tanks.

(vi) Hoses and loading arms for loading shall be furnished, connected, and disconnected by the Contractor.

**(2) INCREASES TO BASIC ALLOWED LAYTIME.**

(i) If, after laytime commences, the conditions or facilities of the barge or tanker to be loaded do not permit loading, basic allowed laytime shall be increased by the duration of the delay.

(ii) If the vessel is delayed in reaching its berth and the delay is caused by the fault of the vessel, basic allowed laytime shall be increased by the duration of the delay.

(iii) After laytime commences, when vessels are required to dock at anchorage due to vessel delays such as vessel inspection and inerting, laytime credit will be allowed for transit time from anchors away at anchorage until first line ashore berthing, not to exceed 2 hours.

(iv) If regulations of the owner or operator of the vessel prohibit loading at any time after laytime has commenced, time so lost shall be added to basic allowed laytime.

(v) If, for any reason, the Contractor is delayed in loading the barge or tanker because of actions of a Government representative, acting under the contract, that arise through no fault or negligence on the part of the Contractor or its subcontractors, basic allowed laytime shall be increased by the duration of the delay.

(vi) There will be no increase to basic allowed laytime (nor other reductions to any resulting demurrage time) for saved laytime arising out of other loadings/discharges.

(vii) Delays, after commencement of laytime, attributed to causes beyond the control and without the fault or negligence of the Contractor or the U.S. Government will result in increasing the basic allowed laytime by one half of the delay time.

(3) **PAYMENT OF DEMURRAGE.** For all hours of laytime which elapse in excess of the basic allowed laytime for loading provided for by paragraph (1) above, or as otherwise provided in the Schedule, the Contractor shall pay demurrage to the Government as follows:

(i) **USS, USNS, OR TIME CHARTERED VESSELS.** At the demurrage rate for the vessel loaded computed to the nearest whole hour as published by the Military Sealift Command and in effect on the date the loading of the vessel is completed.

(ii) **VOYAGE CHARTERED VESSELS.** At the demurrage rate cited in the charter, except that the demurrage payable by the Contractor shall in no event exceed the demurrage expense incurred by the Government under the Charter. (DESC 52.247-9FP1)

#### **F1.14 DETERMINATION OF QUANTITY (STORAGE) (DESC NOV 1997)**

The total gallonage received into or shipped from the Contractor's facilities shall be determined as follows:

(a) **RECEIPTS OR SHIPMENTS OF CRUDE AND FUELS OTHER THAN RESIDUAL FUELS** (by transport truck of 3500 gallons or less) (truck and trailer combination when delivering same product will be considered as one container or conveyance). On an actual gallonage basis, without temperature correction.

(b) **RECEIPTS OR SHIPMENTS OF RESIDUAL FUELS** (in excess of 3500 gallons of crude or other fuels by tank car or transport truck). On a gallonage basis corrected to 60°F.

(c) **RECEIPTS OR SHIPMENTS BY TANKER OR BARGE OR PIPELINE.** On a gallonage basis corrected to 60°F. Quantities shipped or received will be determined on the basis of shore tanks or tender gauges taken by the Contractor and authenticated by the Quality Representative (QR). The ship or carrier's representative may participate in these determinations. During the gauging of shore tanks, the tanker, barge, or carrier's representative may participate in the quantity determinations, and, in the case of tanker/barge shipments or receipts, the Contractor may participate in the operations on board the tanker or barge which are required to determine the quantity of product in the tanker or barge cargo tanks.

*(d) In the case of receipts, the Contractor shall sign the bill of lading and other related documents for the actual quantity received as determined above. When requested by the QR, the Contractor shall investigate losses or gains in connection with receipts or shipments to determine if the cause is at the Contractor's facility.*

(e) **MEASUREMENT STANDARDS.** All measurements and calibrations made to determine quantity shall be in accordance with the most recent edition of the API Manual of Petroleum Measurement Standards (MPMS). Outside the United States, other technically equivalent national or international standards may be used. In addition, the following specific standards will be the referee method.

*(1) API MPMS Chapter 11.1, Volume Correction Factors (API 2540/ASTM D 1250/IP 200/ISO 91-1). Either the printed version or the computer subroutine version of the standard may be used. In case of disputes, the computer subroutine will be the referee method.*

- XIV, Tables 53D and 54D).*
- (ii) For lubricating oils, use Volume XIII, Tables 5D and 6D (or Volume VIII, Tables 53B and 54B).*
- (iii) For all other fuels and fuel oils, use Volume II, Tables 5B and 6B (or Volume VIII, Tables 53B and 54B).*
- (iv) For chemicals/additives, use Volume III, Table 6C (or Volume IX, Table 54C), or volume correct in accordance with the product specification.*
- (v) Volume XII, Table 52, shall be used to convert cubic meters at 15<sup>o</sup> C to barrels at 60<sup>o</sup> F. Convert liters at 15<sup>o</sup> C to cubic meters at 15<sup>o</sup> C by dividing by 1,000. Convert gallons at 60<sup>o</sup> F to barrels at 60<sup>o</sup> F by dividing by 42. Should foreign law restrict conversion by this method, the method required by law shall be stated in the offer.*
- (vi) If the original measurement is by weight and quantity is required in U.S. gallons, then--*
- (A) Volume XII, Table 58, shall be used to convert metric tons to U.S. gallons at 60<sup>o</sup> F/ Convert kilograms to metric tons by dividing by 1,000.*
- (B) Volume XI, Table 8, shall be used to convert pounds to U.S. gallons at 60<sup>o</sup> F.*
- (2) API MPMS Chapter 4, Providing Systems. All meters used in determining product volume shall be calibrated using this standard with the frequency required by local regulations (foreign or domestic). If no local regulation exists, then the frequency of calibration shall be that recommended by the meter manufacturer or every 6 months, whichever is more frequent.*
- (3) API MPMS Chapter 12, Calculation of Petroleum Quantities. All calculations of net quantities shall be made in accordance with this chapter.*
- (f) In addition to gauging of storage tanks to determine quantities issued or received, the Contractor will gauge each active storage tank daily and each inactive storage tank weekly and compute physical inventories for the purpose of detecting loss of products.*

#### **F45.01 OPERATION OF CONDUCTIVITY ADDITIVE SYSTEM (DESC OCT 1998)**

(a) The Contractor shall inject, store, and maintain Government-furnished conductivity additive in a sheltered area protected from the climate in accordance with local fire codes. Procedures in the Quality Control Plan (QCP) pertaining to the injection of conductivity additive will include a method for determining and/or calculating the amount of additive required to ensure delivery of the end product meeting the applicable aviation fuel conductivity specification requirements or as requested by the Government Representative. The Contractor is responsible for monitoring the conductivity injection operation to ensure homogeneity of the end product. The Contractor shall inject conductivity additive when requested by an authorized Government representative.

(b) The Contractor's conductivity additive injection system shall be equipped with the following, as a minimum:

(1) A conductivity additive injection system capable of injecting conductivity additive at the rate of 0 to 114 gallons per hour at a maximum discharge pressure of 100 per square inch. At the Contractor's option, either a proportioning pump or a pipeline injection system may be used.

(2) The conductivity additive injection system shall be equipped with steel or stainless steel blending tank(s) with a capacity of at least 100 gallons. The additive system shall be connected into the terminal jet fuel system.

(c) In the event of unusual circumstances (i.e., Government supply shortage, emergency requirement, etc.), the Contractor may be required to purchase conductivity additive, as required by the Government. The Government shall reimburse the Contractor for direct out-of-pocket costs incurred in acquiring this additive provided the following is satisfied. All invoices shall be--

- (1) Supported by adequate evidence to properly reflect Contractor's actual out-of-pocket costs;
- (2) Certified by the Quality Representative (QR) with respect to quality and quantity of materials furnished; and
- (3) Forwarded to the Administrative Contracting Officer (ACO) for approval.

Title to the conductivity additive purchased by the Contractor for which the Contractor is entitled to be reimbursed shall pass to and rest with the Government upon delivery of product and acceptance by the QR. Acceptance will be based on verification of quantity and full specification test analysis and/or report being provided to the QR for additive purchased by the Contractor. After product acceptance, the QR shall notify the ACO of acceptance.

**F45.03 OPERATION OF FUEL SYSTEM ICING INHIBITOR ADDITIVE SYSTEM (COCO) (DESC AUG 1999)**

(a) As required by the Government, the Contractor shall inject, store, and maintain High Flash Fuel System Icing Inhibitor (FSII) conforming to the latest revision of MIL-I-85470. The Government may also require the Contractor to purchase High Flash FSII (in bulk or 55-gallon drums) conforming to the latest revision of MIL-I-85470. In such a case, the Government shall reimburse the Contractor for direct out-of-pocket costs incurred in the acquisition of the additive in accordance with the SUBMISSION OF INVOICES FOR PAYMENT clause.

(b) The Contractor shall maintain and operate an additive line injection system equipped with a flow proportioning pump capable of uniformly injecting FSII into aviation turbine jet fuel at concentration levels ranging from 0.01 to 0.25 volume percent. The injection system shall be capable of automatically adjusting to changes in pipeline flow rates at the point of injection and include a calibrated meter for determining the amount of additive injected. The additive system must be capable of injecting FSII into Government-owned jet fuel(s) during all issues from the terminal and during all tank-to-tank transfers within the terminal.

(c) Bulk FSII storage systems shall be configured to minimize the introduction of moisture. Any proven industry system design utilized to maintain acceptable moisture limits in accordance with the product specification may be offered. Two acceptable designs being utilized are (1) the use of gaseous nitrogen to blanket the product, or (2) a desiccating/drying device installed in the ventilation system of the tank. The use of carbon dioxide (CO<sub>2</sub>) as an inerting agent is prohibited. The tanks' storage capacity must be capable of receiving, at a minimum, 5,300-gallon tank truck deliveries. The minimum tank size required is 8,000 gallons. The Government may require the Contractor to use drums or, for overseas use only, intermodal tank containers in lieu of bulk storage tanks. FSII shall be handled and stored in accordance with any applicable environmental and fire regulations. Reference the SERVICES TO BE FURNISHED clause for the description of storage tank requirements.

(d) During receipts/issues from the terminal and transfers within the terminal, the Contractor is responsible for assuring that the FSII concentration for Government-owned jet fuels conforms to the specification. The injection system shall be adjusted to achieve a homogenous concentration level of 0.11 to 0.13 volume percent in Grades JP4 and JP8 and 0.16 to 0.18 volume percent in Grade JP5. Without limiting the Government's right to test its product at any time or any place, the Government specifically reserves the right to test each compartment of the shipping conveyances to ensure that the FSII concentrations conform to the specification. Notwithstanding the Government's right to test, the Contractor shall comply with inspection and testing requirements stated in the contract and is responsible for ensuring that FSII concentrations loaded onto shipping conveyances conform to the specification.

(e) The Government may require the Contractor to fill special orders for jet fuel without FSII or with elevated levels of FSII.

Only the following corrosion inhibitors from QPL-25017-16, dated 6 September 1989 will be used: Apollo PRI19, Dupont DCI-4A, HITEC E-580, and NALCO 5403.

(b) The Government shall reimburse the Contractor only for direct out-of-pocket costs incurred in acquiring this additive provided the following is satisfied. All invoices shall be--

- (1) Supported by adequate evidence to properly reflect the Contractor's actual out-of-pocket costs;
- (2) Certified by the Quality Representative (QR) with respect to quality and quantity of materials furnished; and

- (3) Forwarded to the Administrative Contracting Officer (ACO) for approval.

Title to the corrosion inhibitor purchased by the Contractor for which the Contractor is entitled to be reimbursed shall pass to and rest with the Government upon delivery of product and acceptance by the QR. Acceptance will be based on verification of quantity and full specification test analysis and/or report being provided to the QR for product purchased by the Contractor. After product acceptance, the QR shall notify the ACO of acceptance.

(c) The Contractor's corrosion inhibitor system shall be, as a minimum, equipped with the following:

- (1) An injection system capable of injecting the additive within the minimum effective and maximum allowable concentration range for the applicable approved additives indicated in paragraph (a) above.
- (2) This injection system will require one or more black steel or stainless steel blending tanks with a capacity of at least 100 gallons, depending on ambient temperature or specific additive used.

(d) The Contractor shall inject the corrosion inhibitor, as required by the Government. Procedures in the Quality Control Plan pertaining to the injection of the corrosion inhibitor will include a method for determining and/or calculating the amount of additive required to ensure delivery of the end product meeting the applicable aviation fuel corrosion inhibitor specification requirements. The Contractor is responsible for monitoring the corrosion inhibitor injection operation to ensure homogeneity of the end product.

(e) The Government may, at its option, purchase and provide the corrosion inhibitor additive. The Contractor is required to provide for its storage and injection as directed above. (DESC 52.211-9F65)

**F107 STOP-WORK ORDER (AUG 1989)**

(a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work order is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either--

(1) Cancel the stop-work order; or

(2) Terminate the work covered by the order as provided in the DEFAULT, or the

TERMINATION FOR CONVENIENCE OF THE GOVERNMENT, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if--

(1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and

(2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; PROVIDED, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order. (FAR 52.242-15)

(1) All payments by the Government under this contract, shall be made electronic funds transfer (EFT), except as provided in paragraph (a)(2) of this clause. As used in this clause, the term EFT refers to the funds transfer and may also include the information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either--

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the Government to extend the payment due date until such time as the Government can make payment by EFT (but see paragraph (d) of this clause).

**(b) CONTRACTOR'S EFT INFORMATION.** The Government shall make payment to the Contractor using the EFT information contained in the Central Contractor Registration (CCR) database. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the CCR database.

**(c) MECHANISMS FOR EFT PAYMENT.** The Government shall make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR Part 210.

**(d) SUSPENSION OF PAYMENT.** If the Contractor's EFT information in the CCR database is incorrect, then the Government need not make payment to the Contractor under this contract until correct EFT information is entered into the CCR database; and any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

**(e) CONTRACTOR EFT ARRANGEMENTS.** The Contractor has identified multiple payment receiving points (i.e., more than one remittance address and/or EFT information set) in the CCR database, and the Contractor has not notified the Government of the payment receiving point applicable to this contract, the Government shall make payment to the first payment receiving point (EFT information set or remittance address as applicable) listed in the CCR database.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and--

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously direct funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment and the provisions of paragraph (d) of this clause shall apply.

**(g) EFT AND PROMPT PAYMENT.** A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(h) **EFT AND ASSIGNMENT OF CLAIMS.** If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require a condition of any such assignment that the assignee shall register in the CCR database and shall be paid by EFT in accordance with the terms of this clause. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect within the meaning of paragraph (d) of this clause.

(i) **LIABILITY FOR CHANGE OF EFT INFORMATION BY FINANCIAL AGENT.** The Government is not liable for errors resulting from changes in EFT information made by the Contractor's financial agent.

(j) **PAYMENT INFORMATION.** The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address contained in the CCR database.

(b) **PROHIBITIONS.**

(1) Section 1352 of Title 31, United States Code, among other things, prohibits a recipient of a Federal contract, grant, loan, or cooperative agreement from using appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered Federal actions: the awarding of any Federal contract; the making of any Federal grant; the making of any Federal loan; the entering into of any cooperative agreement; or the modification of any Federal contract, grant, loan, or cooperative agreement.

(2) The Act also requires Contractors to furnish a disclosure if any funds other than Federal appropriated funds (including profit or fee received under a covered Federal transaction) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a Federal contract, grant, loan, or cooperative agreement.

(3) The prohibitions of the Act do not apply under the following conditions:

(i) **AGENCY AND LEGISLATIVE LIAISON BY OWN EMPLOYEES.**

(A) The prohibition on the use of appropriated funds, in subparagraph (b)(1) of this clause, does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.

(B) For purposes of subdivision (b)(3)(i)(A) of this clause, providing any information specifically requested by an agency or Congress is permitted at any time.

(C) The following agency and legislative liaison activities are permitted at any time where they are not related to a specific solicitation for any covered Federal action:

(a) Discussing with an agency the qualities and characteristics (including individual demonstrations) of the person's products or services, conditions or terms of sale, and service capabilities.

(b) Technical discussions and other activities regarding the application or adaptation of the person's products or services for an agency's use.

(D) The following agency and legislative liaison activities are permitted where they are prior to formal solicitation of any covered Federal action:

(a) Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(b) Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and

(c) Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Public Law 95-507, and subsequent amendments.

(E) Only those services expressly authorized by subdivision (b)(3)(i)(A) of this clause are permitted under this clause.

(ii) **PROFESSIONAL AND TECHNICAL SERVICES.**

(A) The prohibition on the use of appropriated funds, in subparagraph (b)(1) of this clause, does not apply in the case of--

(a) A payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action.

(b) Any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action. Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(B) For purposes of subdivision (b)(3)(ii)(A) of this clause, "professional and technical services" shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission, or negotiation of a covered Federal action.

(C) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation and any other requirements in the actual award documents.

(D) Only those services expressly authorized by subdivisions (b)(3)(ii)(A)(a) and (b) of this clause are permitted under this clause.

(E) The reporting requirements of FAR 3.803(a) shall not apply with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

(iii) **DISCLOSURE.**

(A) Each person who requests or receives from an agency a Federal contract shall file with that agency a disclosure form, OMB standard form LLL, Disclosure of Lobbying Activities, if such person has made or has agreed to make any payments using nonappropriated funds (to INCLUDE profits from any covered Federal action), which would be prohibited under subparagraph (b)(1) of this clause, if paid for with appropriated funds.

(B) The Contractor shall file a disclosure form at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under subdivision (A) of this clause. An event that materially affects the accuracy of the information reported includes--

(a) A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action;

(b) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or

(c) A change in the officer(s), employee(s), or Members(s) contacted to influence or attempt to influence a covered Federal action.

(C) The Contractor shall require the submittal of a certification, and if required, a disclosure form by any person who requests or receives any subcontract exceeding \$100,000 under the Federal contract.

(D) All subcontractor disclosure forms (but not certifications) shall be forwarded from tier to tier until received by the prime Contractor. The prime Contractor shall submit all disclosures to the Contracting Officer at the end of the calendar quarter in which the disclosure form is submitted by the subcontractor. Each subcontractor certification shall be retained in the subcontract file of the awarding Contractor.

(iv) **AGREEMENT.** The Contractor agrees not to make any payment prohibited by this clause.

(v) **PENALTIES.**

(A) Any person who makes an expenditure prohibited under paragraph (a) of this clause or who fails to file or amend the disclosure form to be filed or amended by paragraph (b) of this clause shall be subject to civil penalties as provided for by 31 U.S.C. 1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.

(B) Contractors may rely without liability on the representation made by their subcontractors in the certification and disclosure form.

(vi) **COST ALLOWABILITY.** Nothing in this clause makes allowable or reasonable any costs which would otherwise be unallowable or unreasonable. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any other provision. (FAR 52.203-12)

## **12 CONTROL OF GOVERNMENT PERSONNEL WORK PRODUCT (APR 1992)**

The Contractor's procedures for protecting against unauthorized disclosure of information shall not require Department of Defense employees or members of the Armed Forces to relinquish control of their work products, whether classified or not, to the Contractor. (DFARS 252.204-7003)

### **12.01 CHANGES - FIXED-PRICE (ALT I) (AUG 1987/APR 1984)**

(a) The Contracting Officer may at any time, by written order, and without notice to the sureties, if any, make changes within the general scope of this contract in any one or more of the following:

- (1) Description of services to be performed.
- (2) Time of performance (i.e., hours of the day, days of the week, etc.).
- (3) Place of performance of the services.

(b) If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, the Contracting Officer shall make an equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.

(c) The Contractor must assert its right to an adjustment under this clause within 30 days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.

(d) If the Contractor's proposal includes the cost of property made obsolete or excess by the change, the Contracting Officer shall have the right to prescribe the manner of the disposition of the property.

(e) Failure to agree to any adjustment shall be a dispute under the DISPUTES clause. However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed. (FAR 52.243-1/Alt I)

### **12.07 CHANGES - FIXED-PRICE (ALT III) (AUG 1987/APR 1984)**

(a) The Contracting Officer may at any time, by written order, and without notice to the sureties, if any, make changes within the general scope of this contract in the services to be performed.

(b) If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, the Contracting Officer shall make an equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.

(c) The Contractor must assert its rights to an adjustment under this clause within 30 days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.

(d) If the Contractor's proposal includes the cost of property made obsolete or excess by the change, the Contracting Officer shall have the right to prescribe the manner of the disposition of the property.

(e) Failure to agree to any adjustment shall be a dispute under the DISPUTES clause. However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.

(f) No services for which an additional cost or fee will be charged by the Contractor shall be furnished without the prior written authorization of the Contracting Officer. (FAR 52.243-1/Alt III)

### **I3 EXTRAS (APR 1984)**

Except as otherwise provided in this contract, no payment for extras shall be made unless such extras and the price therefor have been authorized in writing by the Contracting Officer. (FAR 52.232-11)

#### **I3.01 PROMPT PAYMENT (FEB 2002)**

Notwithstanding any other payment clause in this contract, the Government will make invoice payments under the terms and conditions specified in this clause. The Government considers payment as being made on the day a check is dated or the date of an electronic funds transfer (EFT). Definitions of pertinent terms are set forth in Sections 2.101, 32.001, and 32.902 of the Federal Acquisition Regulation. All days referred to in this clause are calendar days, unless otherwise specified. (However, see subparagraph (a)(4) of this clause concerning payments due on Saturdays, Sundays, and legal holidays.)

##### **(a) INVOICE PAYMENTS.**

###### **(1) DUE DATE.**

(i) Except as indicated in paragraphs (a)(2) and (c) of this clause, the due date for making invoice payments by the designated payment office is the later of the following two events:

(A) The 30th day after the designated billing office receives a proper invoice from the Contractor (except as provided in paragraph (a)(1)(ii) of this clause).

(B) The 30th day after Government acceptance of supplies delivered or services performed. For a final invoice, when the payment amount is subject to contract settlement actions, acceptance is deemed to occur on the effective date of the contract settlement.

(ii) If the designated billing office fails to annotate the invoice with the actual date of receipt at the time of receipt, the invoice payment due date is the 30th day after the date of the Contractor's invoice, provided the designated billing office receives a proper invoice and there is no disagreement over quantity, quality, or Contractor compliance with contract requirements.

###### **(2) CERTAIN FOOD PRODUCTS AND OTHER PAYMENTS.**

(i) Due dates on Contractor invoices for meat, meat food products, or fish; perishable agricultural commodities, and dairy products; edible fats or oils, and food products prepared from edible fats or oils are--

(A) For meat and meat food products, as defined in Section 2(a)(3) of the Packers and Stockyard Act of 1921 (7 U.S.C. 182(3)), and as further defined in Public Law 98-181, including any edible fresh or frozen poultry meat, any perishable poultry meat food product, fresh eggs, and any perishable egg product, as close as possible to, but no later than, the 7th day after product delivery.

(B) For fresh or frozen fish, as defined in Section 204(3) of the Fish and Seafood Promotion Act of 1986 (16 U.S.C. 4003(3)), as close as possible to, but not later than, the 7th day after product delivery.

(C) For perishable agricultural commodities, as defined in Section 1(4) of the Perishable Agricultural Commodities Act of 1930 (7 U.S.C. 499a(4)), as close as possible to, but not later than, the 10th day after product delivery, unless another date is specified in the contract.

(D) For dairy products, as defined in Section 111(e) of the Dairy Production Stabilization Act of 1983 (7 U.S.C. 4502(e)), edible fats or oils, and food products prepared from edible fats or oils, as close as possible to, but not later than, the 10th day after the date on which a proper invoice has been received. Liquid milk, cheese, certain processed cheese products, butter, yogurt, ice cream, mayonnaise, salad dressings, and other similar products, fall within this classification. Nothing in the Act limits this classification to refrigerated products. When questions arise regarding the proper classification of a specific product, prevailing industry practices will be followed in specifying a contract payment due date. The burden of proof that a classification of a specific product is, in fact, prevailing industry practice is upon the Contractor making the representation.

(ii) If the contract does not require submission of an invoice for payment (e.g., periodic lease payments), the due date will be as specified in the contract.

(3) **CONTRACTOR'S INVOICE.** The Contractor shall prepare and submit invoices to the designated billing office specified in the contract. A proper invoice must include the items listed in paragraphs (a)(3)(i) through (a)(3)(x) of this clause. If the invoice does not comply with these requirements, the designated billing office

will return it within 7 days after receipt (3 days for meat, meat food products, or fish; 5 days for perishable agricultural commodities, dairy products, edible fats or oils, and food products prepared from edible fats or oils) with the reasons why it is not a proper invoice. The Government will take into account untimely notification when computing any interest penalty owed the Contractor.

- (i) Name and address of the Contractor.
- (ii) Invoice date and invoice number. (The Contractor should date invoices as close as possible to the date of the mailing or transmission.)
- (iii) Contract number or other authorization for supplies delivered or services performed (including order number and contract line item number).
- (iv) Description, quantity, unit of measure, unit price, and extended price of supplies delivered or services performed.
- (v) Shipping and payment terms (e.g., shipment number and date of shipment, discount for prompt payment terms). Bill of lading number and weight of shipment will be shown for shipments on Government bills of lading.
- (vi) Name and address of Contractor official to whom payment is to be sent (must be the same as that in the contract or in a proper notice of assignment).
- (vii) Name (where practicable), title, phone number, and mailing address of person to be notified in the event of a defective invoice.
- (viii) **TAXPAYER IDENTIFICATION NUMBER (TIN).** The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(ix) **ELECTRONIC FUNDS TRANSFER (EFT) BANKING INFORMATION.**

- (A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.
- (B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision (e.g., 52.232-38, Submission of Electronic Funds Transfer Information with Offer), contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer - Central Contractor Registration; or 52.232-34, Payment by Electronic Funds Transfer - Other Than Central Contractor Registration), or applicable agency procedures.
- (C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

- (x) Any other information or documentation required by the contract (e.g., evidence of shipment).

(4) **INTEREST PENALTY.** The designated payment office will pay an interest penalty automatically, without request from the Contractor, if payment is not made by the due date and the conditions listed in paragraphs (a)(4)(i) through (a)(4)(iii) of this clause are met, if applicable. However, when the due date falls on a Saturday, Sunday, or legal holiday, the designated payment office may make payment on the following working day without incurring a late payment interest penalty.

- (i) The designated billing office received a proper invoice.
- (ii) The Government processed a receiving report or other Government documentation authorizing payment, and there was no disagreement over quantity, quality, or Contractor compliance with any contract term or condition.
- (iii) In the case of a final invoice for any balance of funds due the Contractor for supplies delivered or services performed, the amount was not subject to further contract settlement actions between the Government and the Contractor.

(5) **COMPUTING PENALTY AMOUNT.** The Government will compute the interest penalty in accordance with the Office of Management and Budget prompt payment regulations at 5 CFR Part 1315.

- (i) For the sole purpose of computing an interest penalty that might be due the Contractor, Government acceptance is deemed to occur constructively on the 7th day (unless otherwise specified in this contract) after the Contractor delivers the supplies or performs the services in accordance with the terms and conditions of the contract, unless there is a disagreement over quantity, quality, or Contractor compliance with a contract provision. If the actual acceptance occurs within the constructive acceptance period, the Government will base the determination of an interest penalty on the actual date of acceptance. The constructive acceptance requirement does not, however, compel Government officials to accept supplies or services, perform contract administration functions, or make payment prior to fulfilling their responsibilities.

(ii) The prompt payment regulation at 5 CFR 1315.10(c) do not require the Government to pay interest penalties if payment delays are due to disagreement between the Government and the Contractor over the payment amount or other issues involving contract compliance or on amounts temporarily withheld or retained in accordance with the terms of the contract. The Government and the Contractor shall resolve claims involving disputes and any interest that may be payable in accordance with the clause at 52.233-1, Disputes.

(6) **DISCOUNTS FOR PROMPT PAYMENT.** The designated payment office will pay an interest penalty automatically, without request from the Contractor, if the Government takes a discount for prompt payment improperly. The Government will calculate the interest penalty in accordance with the prompt payment regulations at 5 CFR Part 1315.

(7) **ADDITIONAL INTEREST PENALTY.**

(i) The designated payment office will pay a penalty amount, calculated in accordance with the prompt payment regulations at 5 CFR Part 1315 in addition to the interest penalty amount only if--

(A) The Government owes an interest penalty of \$1.00 or more;

(B) The designated payment office does not pay the interest penalty within 10 days after the date the invoice amount is paid; and

(C) The Contractor shall make a written demand to the designated payment office for additional penalty payment, in accordance with paragraph (a)(7)(ii) of this clause, postmarked not later than 40 days after the invoice amount is paid.

(ii) (A) The Contractor shall support written demands for additional penalty payments with the following data. The Government will not request any additional data. The Contractor shall--

(a) Specifically assert that late payment interest is due under a specific invoice, and request payment of all overdue late payment interest penalty and such additional penalty as may be required;

(b) Attach a copy of the invoice on which the unpaid late payment interest is due; and

(c) State that payment of the principal has been received, including the date of receipt.

(B) If there is no postmark or the postmark is illegible--

(a) The designated payment office that receives the demand will annotate it with the date of receipt, provided the demand is received on or before the 40th day after payment was made; or

(b) If the designated payment office fails to make the required annotation, the Government will determine the demand's validity based on the date the Contractor has placed on the demand, provided such date is no later than the 40th day after payment was made.

(iii) The additional penalty does not apply to payments regulated by other Government regulations (e.g., payments under utility contracts subject to tariffs and regulation).

(b) **CONTRACT FINANCING PAYMENT.** If this contract provides for contract financing, the Government will make contract financing payments in accordance with the applicable contract financing clause.

(c) **FAST PAYMENT PROCEDURE DUE DATES.** If this contract contains the clause at 52.213-1, Fast Payment Procedure, payments will be made within 15 days after the date of receipt of the invoice.

(d) **OVERPAYMENTS.** If the Contractor becomes aware of a duplicate payment or that the Government has otherwise overpaid on an invoice payment, the Contractor shall immediately notify the Contracting Officer and request instructions for disposition of the overpayment.  
(FAR 52.232-25)

#### **14 DISCOUNTS FOR PROMPT PAYMENT (FEB 2002)**

(a) Discounts for prompt payments will not be considered in the evaluation of offers. However, any offered discount will form a part of the award, and will be taken if payment is made within the discount period indicated in the offer by the offeror. As an alternative to offering a discount for prompt payment in conjunction with the offer, offerors awarded contracts may include discounts for prompt payment on individual invoices.

(b) In connection with any discount offered for prompt payment, time shall be computed from the date of the invoice. If the Contractor has not placed a date on the invoice, the due date shall be calculated from the date the designated billing office receives a proper invoice, provided the agency annotates such invoice with the date of receipt at the time of receipt. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or, for an electronic funds transfer, the specified payment date. When the discount date falls on a Saturday, Sunday, or legal holiday when the Federal Government offices are closed and Government business is not expected to be conducted, payment may be made on the following business day.

(FAR 52.232-8)

**17 PRINTED OR COPIED DOUBLE-SIDED ON RECYCLED PAPER (AUG 2000)****(a) DEFINITIONS.** As used in this clause—

**Postconsumer material** means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Postconsumer material is a part of the broader category of **recovered material**. For paper and paper products, postconsumer material means **postconsumer fiber** defined by the U.S. Environmental Protection Agency (EPA) as—

(1) Paper, paperboard, and fibrous materials from retail stores, office buildings, homes, and so forth, after they have passed through their end-usage as a consumer item, including: used corrugated boxes; old newspapers; old magazines; mixed waste paper; tabulating cards; and used cordage; or

(2) All paper, paperboard, and fibrous materials that enter and are collected from municipal solid waste; but not

(3) Fiber derived from printers' over-runs, converters' scrap, and over-issue publications.

**Printed or copied double-sided** means printing or reproducing a document so that information is on both sides of a sheet of paper.

**Recovered material**, for paper and paper products, is defined by EPA in its Comprehensive Procurement Guideline as **recovered fiber** and means the following materials:

(1) Postconsumer fiber, and

(2) Manufacturing wastes such as—

(i) Dry paper and paperboard waste generated after completion of the papermaking process (that is, those manufacturing operations up to and including the cutting and trimming of the paper machine reel into smaller rolls or rough sheets) including: envelope cuttings, bindery trimmings, and other paper and paperboard waste resulting from printing, cutting forming, and other converting operations; bag, box, and carton manufacturing wastes; and butt rolls, mill wrappers, and rejected unused stock; and

(ii) *Repulped finished paper and paperboard from obsolete inventories of paper and paperboard manufacturers, merchants, wholesalers, dealers, printers, converters, or others.*

(b) In accordance with Section 101 of Executive Order 13101 of September 14, 1998, Greening the Government through Waste Prevention, Recycling, and Federal Acquisition, the contractor is encouraged to submit paper documents, such as offers, letters, or reports, that are printed or copied double-sided on recycled paper that meet minimum content standards specified in Section 505 of Executive Order 13101, when not using electronic commerce methods to submit information or data to the Government.

(c) If the Contractor cannot purchase high speed copier paper, offset paper, forms bond, computer printout paper, carbonless paper, file folders, white woven envelopes, writing and office paper, book paper, cotton fiber paper, and cover stock meeting the 30 percent postconsumer material standard for use in submitting paper documents to the Government, it should use paper containing no less than 20 percent postconsumer material. The lesser standard should be used only when paper meeting the 30 percent postconsumer material standard is not obtainable at a reasonable price or does not meet reasonable performance standards. (FAR 52.204-4)

**18.02 ASSIGNMENT OF CLAIMS (ALT I) (JAN 1986/APR 1984)**

(a) The Contractor, under the Assignment of Claims Act, as amended, 31 U.S.C. 3727, 41 U.S.C. 15 (hereafter referred to as "the Act"), may assign its rights to be paid amounts due or to become due as a result of the performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency. The assignee under such an assignment may thereafter further assign or reassign its right under the original assignment to any type of financing institution described in the preceding sentence. Unless otherwise stated in this contract, payments to an assignee of any amounts due or to become due under this contract shall not, to the extent specified in the Act, be subject to reduction or setoff.

(b) Any assignment or reassignment authorized under the Act and this clause shall cover all unpaid amounts payable under this contract, and shall not be made to more than one party, except that an assignment or reassignment may be made to one party as agent or trustee for two or more parties participating in the financing of this contract.

(c) The Contractor shall not furnish or disclose to any assignee under this contract any classified document (including this contract) or information related to work under this contract until the Contracting Officer authorizes such action in writing. (FAR 52.232-23/Alt I)

**111.03 DEFAULT (FIXED-PRICE SUPPLY AND SERVICE) (APR 1984)**

(a) (1) The Government may, subject to paragraphs (c) and (d) below, by written notice of default to the Contractor, terminate this contract in whole or in part if the Contractor fails to--

(i) Deliver the supplies or to perform the services within the time specified in this contract or any extension;

(ii) Make progress, so as to endanger performance of this contract (but see subparagraph (a)(2) below); or

(iii) Perform any of the other provisions of this contract (but see subparagraph (a)(2) below).

(2) The Government's right to terminate this contract under subdivisions (1)(ii) and (1)(iii) above, may be exercised if the Contractor does not cure such failure within 10 days (or more if authorized in writing by the Contracting Officer) after receipt of the notice from the Contracting Officer specifying the failure.

(b) If the Government terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Contracting Officer considers appropriate, supplies or services similar to those terminated, and the Contractor will be liable to the Government for any excess costs for those supplies or services. However, the Contractor shall continue the work not terminated.

(c) Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the Government in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance, the failure to perform must be beyond the control and without the fault or negligence of the Contractor.

(d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule.

(e) If this contract is terminated for default, the Government may require the Contractor to transfer title and deliver to the Government, as directed by the Contracting Officer, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "manufacturing materials" in this clause) that the Contractor has specifically produced or acquired for the terminated portion of this contract. Upon direction of the Contracting Officer, the Contractor shall also protect and preserve property in its possession in which the Government has an interest.

(f) The Government shall pay contract price for completed supplies delivered and accepted. The Contractor and Contracting Officer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property. Failure to agree will be a dispute under the DISPUTES clause. The Government may withhold from these amounts any sum the Contracting Officer determines to be necessary to protect the Government against loss because of outstanding liens or claims of former lien holders.

(g) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Government.

(h) The rights and remedies of the Government in this clause are in addition to any other rights and remedies provided by law or under this contract. (FAR 52.249-8)

#### **111.04 BANKRUPTCY (JUL 1995)**

In the event the Contractor enters into proceedings relating to bankruptcy, whether voluntary or involuntary, the Contractor agrees to furnish, by certified mail or electronic commerce method authorized by the contract, written notification of the bankruptcy to the Contracting Officer responsible for administering the contract. This notification shall be furnished within five days of the initiation of the proceedings relating to bankruptcy filing. This notification shall include the date on which the bankruptcy petition was filed, the identity of the court in which the bankruptcy petition was filed, and a listing of Government contract numbers and contracting offices for all Government contracts against which final payment has not been made. This obligation remains in effect until final payment under this contract. (FAR 52.242-13)

#### **112.01 DISPUTES (JUL 2002)**

(a) This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613).

(b) Except as provided in the Act, all disputes arising under or relating to this contract shall be resolved under this clause.

(c) **Claim**, as used in this clause, means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to this contract. However, a written demand or written assertion by the Contractor seeking the payment of money exceeding \$100,000 is not a claim under the Act until certified. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim under the Act. The submission may be converted to a claim under the Act, by complying with the submission and certification requirements of this clause, if it is disputed either as to liability or amount or is not acted upon in a reasonable time.

(d) (1) A claim by the Contractor shall be made in writing and, unless otherwise stated in this contract, submitted within 6 years after accrual of the claim to the Contracting Officer for a written decision. A claim by the Government against the Contractor shall be subject to a written decision by the Contracting Officer.

(2) The Contractor asserts its right to an adjustment within 30 days after the end of the period of work stoppage; PROVIDED, that if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon a proposal at any time before final payment under this contract.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

(e) The Government's rights to terminate this contract at any time are not affected by action taken under this clause.

**After-relieved tax**, as used in this clause, means any amount of tax or duty, other than an excepted tax, that would otherwise have been payable on the transactions or property covered by this contract, but which the Contractor is not required to pay or bear, or for which the Contractor obtains a refund, as the result of legislative, judicial, or administrative action taking effect after the contract date.

(d) The contract price shall be increased by the amount of any after-imposed tax or of any tax or duty specifically excluded from the contract price by a provision of this contract that the Contractor is required to pay or bear, including any interest or penalty, if the Contractor states in writing that the contract price does not include any contingency for such tax and if liability for such tax, interest, or penalty was not incurred through the Contractor's fault, negligence, or failure to follow instructions of the Contracting Officer or to comply with the provisions of paragraph (i) below.

(e) The contract price shall be decreased by the amount of any after-relieved tax, including any interest or penalty. The Government of the United States shall be entitled to interest received by the Contractor incident to a refund of taxes to the extent that such interest was earned after the Contractor was paid by the Government of the United

States for such taxes. The Government of the United States shall be entitled to repayment of any penalty refunded to the contractor to the extent that the penalty was paid by the Government.

(f) The contract price shall be decreased by the amount of any tax or duty, other than an excepted tax, that was included in the contract and that the Contractor is required to pay or bear, or does not obtain a refund of, through the Contractor's fault, negligence, or failure to follow instructions of the Contracting Officer or to comply with the provisions of paragraph (i) below.

(i) The Contractor shall take all reasonable action to obtain exemption from or refund of any taxes or duties, including interest or penalty, from which the United States Government, the Contractor, any subcontractor, or the transactions or property covered by this contract are exempt under the laws of the country concerned or its political subdivisions or which the governments of the United States and of the country concerned have agreed shall not be applicable to expenditures in such country by or on behalf of the United States.

(j) The Contractor shall promptly notify the Contracting Officer of all matters relating to taxes or duties that reasonably may be expected to result in either an increase or decrease in the contract price and shall take appropriate action as the Contracting Officer directs. #### **131.06 LIMITATION ON WITHHOLDING OF PAYMENTS (APR 1984)**

Cancellation shall occur by the date or within the time period specified in the Schedule, unless a later date is agreed to, if the Contracting Officer (1) notifies the Contractor that funds are not available for contract performance for any subsequent program year, or (2) fails to notify the Contractor that funds are available for performance of the succeeding program year requirement.

(b) Except for cancellation under this clause or termination under the DEFAULT clause, any reduction by the Contracting Officer in the requirements of this contract shall be considered a termination under the TERMINATION FOR CONVENIENCE OF THE GOVERNMENT clause.

(c) If cancellation under this clause occurs, the Contractor will be paid a cancellation charge not over the cancellation ceiling specified in the Schedule as applicable at the time of cancellation.

(d) The cancellation charge will cover only (1) costs (i) incurred by the Contractor and/or subcontractor, (ii) reasonably necessary for performance of the contract, and (iii) that would have been equitably amortized over the entire multiyear contract period but, because of the cancellation, are not so amortized, and (2) a reasonable profit or fee on the costs.

(e) The cancellation charge shall be computed and the claim made for it as if the claim were being made under the TERMINATION FOR CONVENIENCE OF THE GOVERNMENT clause of this contract. The Contractor shall submit the claim promptly but no later than one year from the date (1) of notification of the

nonavailability of funds, or (2) specified in the Schedule by which notification of the availability of additional funds for the next succeeding program year is required to be issued, whichever is earlier, unless extensions in writing are granted by the Contracting Officer.

- (3) Costs incurred for the assembly, training, and transportation to and from the job site of a specialized work force; and
- (4) Costs not amortized by the unit price solely because the cancellation had precluded anticipated benefits of Contractor or subcontractor learning.

(g) The claim shall not include--

- (1) Labor, material, or other expenses incurred by the Contractor or subcontractors for performance of the canceled work;
- (2) Any cost already paid to the Contractor;
- (3) Anticipated profit or unearned fee on the canceled work; or

If so, the Contractor agrees not to include in option quantities any costs of a startup or nonrecurring nature that have been fully set forth in the contract. The Contractor further agrees that the option quantities will reflect only those recurring costs and a reasonable profit or fee necessary to furnish the additional option quantities.

(i) Quantities added to the original contract through the Option clause of this contract shall be included in the quantity canceled for the purpose of computing allowable cancellation charges. (FAR 52.217-2)

- (A) The Contractor certifies to the Contracting Officer that, to the best of the Contractor's knowledge and belief, the Contractor is entitled to the offset in the amount requested; and
  - (B) The Contractor proves that the cost or pricing data were available before the "as of" date specified on its Certificate of Current Cost or Pricing Data, and that the data were not submitted before such date.
- (ii) An offset shall not be allowed if -
- (A) The understated data were known by the Contractor to be understated before the "as of" date specified on its Certificate of Current Cost or Pricing Data was signed; or
  - (B) The Government proves that the facts demonstrate that the contract price would not have increased in the amount to be offset even if the available data had been submitted before the "as of" date specified on its Certificate of Current Cost or Pricing Data.
- (d) If any reduction in the contract price under this clause reduces the price of items for which payment was made prior to the date of the modification reflecting the price reduction, the Contractor shall be liable to and shall pay the United States at the time such overpayment is repaid--
- (1) Simple interest on the amount of such overpayment to be computed from the date(s) of overpayment to the Contractor to the date the Government is repaid by the Contractor at the applicable underpayment rate effective for each quarter prescribed by the Secretary of the Treasury under 26 U.S.C. 6621(a)(2); and
  - (2) A penalty equal to the amount of the overpayment, if the Contractor or subcontractor knowingly submitted cost or pricing data that were incomplete, inaccurate, or noncurrent. (FAR 52.215-10)

**194.01 PRICE REDUCTION FOR DEFECTIVE COST OR PRICING DATA - MODIFICATIONS (OCT 1997)**

- (a) This clause shall become operative only for any modification to this contract involving a pricing adjustment expected to exceed the threshold for submission of cost or pricing data at FAR 15.403-4, except that this clause does not apply to any modification if an exception under FAR 15.403-1 applies.
- (b) If any price, including profit or fee, negotiated in connection with any modification under this clause, or any cost reimbursable under this contract, was increased by any significant amount because (1) the Contractor or a

subcontractor furnished cost or pricing data that were not complete, accurate, and current as certified in its Certificate of Current Cost or Pricing Data, (2) a subcontractor or prospective subcontractor furnished the Contractor cost or pricing data that were not complete, accurate, and current as certified in the Contractor's Certificate of Current Cost or Pricing Data, or (3) any of these parties furnished data of any description that were not accurate, the price or cost shall be reduced accordingly and the contract shall be modified to reflect the reduction. This right to a price reduction is limited to that resulting from defects in data relating to modifications for which this clause becomes operative under paragraph (a) of this clause.

(c) Any reduction in the contract price under paragraph (b) of this clause due to defective data from a prospective subcontractor that was not subsequently awarded the subcontract shall be limited to the amount, plus applicable overhead and profit markup, by which--

(1) The actual subcontract; or

(2) The actual cost to the Contractor, if there was no subcontract, was less than the prospective subcontract cost estimate submitted by the Contractor; provided, that the actual subcontract price was not itself affected by defective cost or pricing data.

(d) (1) If the Contracting Officer determines under paragraph (b) of this clause that a price or cost reduction should be made, the Contractor agrees not to raise the following matters as a defense:

(i) The Contractor or subcontractor was a sole source supplier or otherwise was in a superior bargaining position and thus the price of the contract would not have been modified even if accurate, complete, and current cost or pricing data had been submitted.

(ii) The Contracting Officer should have known that the cost or pricing data in issue were defective even though the Contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the Contracting Officer.

(iii) The contract was based on an agreement about the total cost of the contract and there was no agreement about the cost of each item procured under the contract.

(iv) The Contractor or subcontractor did not submit a Certificate of Current Cost or Pricing Data.

(2) (i) Except as prohibited by subdivision (c)(2)(ii) of this clause, an offset in an amount determined appropriate by the Contracting Officer based upon the facts shall be allowed against the amount of a contract price reduction if--

(A) The Contractor certifies to the Contracting Officer that, to the best of the Contractor's knowledge and belief, the Contractor is entitled to the offset in the amount requested; and

(B) The Contractor proves that the cost or pricing data were available before the "as of" date specified on its Certificate of Current Cost or Pricing Data and that the data were not submitted before such date.

(ii) An offset shall not be allowed if--

(A) The understated data were known by the Contractor to be understated before the "as of" date specified on its Certificate of Current Cost or Pricing Data; or

(B) The Government proves that the facts demonstrate that the contract price would not have increased in the amount to be offset even if the available data had been submitted before the "as of" date specified on its Certificate of Current Cost or Pricing Data.

(e) If any reduction in the contract price under this clause reduces the price of items for which payment was made prior to the date of the modification reflecting the price reduction, the Contractor shall be liable to and shall pay the United States at the time such overpayment is repaid--

(1) Simple interest on the amount of such overpayment to be computed from the date(s) of overpayment to the Contractor to the date the Government is repaid by the Contractor at the applicable underpayment rate effective for each quarter prescribed by the Secretary of the Treasury under 26 U.S.C. 6621(a)(2); and

(2) A penalty equal to the amount of the overpayment, if the Contractor or subcontractor knowingly submitted cost or pricing data that were incomplete, inaccurate, or noncurrent. (FAR 52.215-11)

(c) **COST OR PRICING DATA.** If the Contractor has been required to submit cost or pricing data in connection with any pricing action relating to this contract, the Contracting Officer, or an authorized representative of the Contracting Officer, in order to evaluate the accuracy, completeness, and currency of the cost or pricing data, shall have the right to examine and audit all of the Contractor's records, including computations and projections, related to-

- (1) The proposal for the contract, subcontract, or modification;

(e) **REPORTS.** If the Contractor is required to furnish cost, funding, or performance reports, the Contracting Officer or an authorized representative of the Contracting Officer shall have the right to examine and audit the supporting records and materials, for the purpose of evaluating--

- (1) If this contract is completely or partially terminated, the Contractor shall make available the records relating to the work terminated until 3 years after any resulting final termination settlement; and
- (2) The Contractor shall make available records relating to appeals under the DISPUTES clause or to litigation or the settlement of claims arising under or relating to this contract until such appeals, litigation, or claims are finally resolved.

(g) The Contractor shall insert a clause containing all the terms of this clause, including this paragraph (g), in all subcontracts under this contract that exceed the simplified acquisition threshold, and--

- (1) That are cost-reimbursement, incentive, time-and-materials, labor-hour, or price-redeterminable type or any combination of these;
- (2) For which cost or pricing data are required; or
- (3) That require the subcontractor to furnish reports as discussed in paragraph (e) of this clause.

#### **198 PROTECTING THE GOVERNMENT'S INTERESTS WHEN SUBCONTRACTING WITH CONTRACTORS DEBARRED, SUSPENDED, OR PROPOSED FOR DEBARMENT (JUL 1995)**

(a) The Government suspends or debar Contractors to protect the Government's interests. The Contractor shall not enter into any subcontract in excess of \$25,000 with a Contractor that is debarred, suspended, or proposed for debarment unless there is a compelling reason to do so.

(b) The Contractor shall require each proposed first-tier subcontractor, whose subcontract will exceed \$25,000, to disclose to the Contractor, in writing, whether as of the time of award of the subcontract, the subcontractor, or its principals, is or is not debarred, suspended, or proposed for debarment by the Federal Government.

(c) A corporate officer or a designee of the Contractor shall notify the Contracting Officer, in writing, before entering into a subcontract with a party that is debarred, suspended, or proposed for debarment (see FAR 9.404 for information on the List of Parties Excluded from Federal Procurement and Nonprocurement Programs). #### **1114 GOVERNMENT PROPERTY (FIXED-PRICE CONTRACTS) (DEC 1989)**

##### **(a) GOVERNMENT-FURNISHED PROPERTY.**

(1) The Government shall deliver to the Contractor, for use in connection with and under the terms of this contract, the Government-furnished property described in the Schedule or specifications together with any related data and information that the Contractor may request and is reasonably required for the intended use of the property (hereinafter referred to as "Government-furnished property").

(2) The delivery or performance dates for this contract are based upon the expectation that Government-furnished property suitable for use (except for property furnished "as-is") will be delivered to the Contractor at the times stated in the Schedule or, if not so stated, in sufficient time to enable the Contractor to meet the contract's delivery or performance dates.

(3) If Government-furnished property is received by the Contractor in a condition not suitable for the intended use, the Contractor shall, upon receipt of it, notify the Contracting Officer, detailing the facts, and, as directed by the Contracting Officer and at Government expense, either repair, modify, return, or otherwise dispose of the property. After completing the directed action and upon written request of the Contractor, the Contracting Officer shall make an equitable adjustment as provided in paragraph (h) of this clause.

(4) If Government-furnished property is not delivered to the Contractor by the required time, the Contracting Officer shall, upon the Contractor's timely written request, make a determination of the delay, if any, caused the Contractor and shall make an equitable adjustment in accordance with paragraph (h) of this clause.

##### **(b) CHANGES IN GOVERNMENT-FURNISHED PROPERTY.**

(1) The Contracting Officer may, by written notice, (i) decrease the Government-furnished property provided or to be provided under this contract, or (ii) substitute other Government-furnished property for the property to be provided by the Government, or to be acquired by the Contractor for the Government, under this contract. The Contractor shall promptly take such action as the Contracting Officer may direct regarding the removal, shipment, or disposal of the property covered by such notice.

(2) Upon the Contractor's written request, the Contracting Officer shall make an equitable adjustment to the contract in accordance with paragraph (h) of this clause, if the Government has agreed in the Schedule to make the property available for performing this contract and there is any--

- (i) Decrease or substitution in this property pursuant to subparagraph (b)(1) above; or
- (ii) Withdrawal of authority to use this property, if provided under any other contract or lease.

**(c) TITLE IN GOVERNMENT PROPERTY.**

(1) The Government shall retain title to all Government-furnished property.

(2) All Government-furnished property and all property acquired by the Contractor, title to which vests in the Government under this paragraph (collectively referred to as "Government property"), are subject to the provisions of this clause. However, special tooling accountable to this contract is subject to the provisions of the Special Tooling clause and is not subject to the provisions of this clause. Title to Government property shall not be affected by its incorporation into or attachment to any property not owned by the Government, nor shall Government property become a fixture or lose its identity as personal property by being attached to any real property.

(3) Title to each item of facilities and special test equipment acquired by the Contractor for the Government under this contract shall pass to and vest in the Government when its use in performing this contract commences or when the Government has paid for it, whichever is earlier, whether or not title previously vested in the Government.

(4) If this contract contains a provision directing the Contractor to purchase material for which the Government will reimburse the Contractor as a direct item of cost under this contract--

(i) Title to material purchased from a vendor shall pass to and vest in the Government upon the vendor's delivery of such material; and

(ii) Title to all other material shall pass to and vest in the Government upon--

- (A) Issuance of the material for use in contract performance;
- (B) Commencement of processing of the material or its use in contract performance; or
- (C) Reimbursement of the cost of the material by the Government, whichever occurs first.

**(d) USE OF GOVERNMENT PROPERTY.** The Government property shall be used only for performing this contract, unless otherwise provided in this contract or approved by the Contracting Officer.

**(e) PROPERTY ADMINISTRATION.**

(1) The Contractor shall be responsible and accountable for all Government property provided under this contract and shall comply with Federal Acquisition Regulation (FAR) Subpart 45.5, as in effect on the date of this contract.

(2) The Contractor shall establish and maintain a program for the use, maintenance, repair, protection, and preservation of Government property in accordance with sound industrial practice and the applicable provisions of Subpart 45.5 of the FAR.

(3) If damage occurs to Government property, the risk of which has been assumed by the Government under this contract, the Government shall replace the items or the Contractor shall make such repairs as the Government directs. However, if the Contractor cannot effect such repairs within the time required, the Contractor shall dispose of the property as directed by the Contracting Officer. When any property for which the Government is responsible is replaced or repaired, the Contracting Officer shall make an equitable adjustment in accordance with paragraph (h) of this clause.

(4) The Contractor represents that the contract price does not include any amount for repairs or replacement for which the Government is responsible. Repair or replacement of property for which the Contractor is responsible shall be accomplished by the Contractor at its own expense.

**(f) ACCESS.** The Government and all its designees shall have access at all reasonable times to the premises in which any Government property is located for the purpose of inspecting the Government property.

**(g) LIMITED RISK OF LOSS.** Unless otherwise provided in this contract, the Contractor assumes the risk of, and shall be responsible for, any loss or destruction of, or damage to, Government property upon its delivery to the Contractor or upon passage of title to the Government under paragraph (c) of this clause. However, the Contractor is not responsible for reasonable wear and tear to Government property or for Government property properly consumed in performing this contract.

**(h) EQUITABLE ADJUSTMENT.** When this clause specifies an equitable adjustment, it shall be made to any affected contract provision in accordance with the procedures of the Changes clause. When appropriate, the Contracting Officer may initiate an equitable adjustment in favor of the Government. The right to an equitable

adjustment shall be the Contractor's exclusive remedy. The Government shall not be liable to suit for breach of contract for--

- (2) Delivery of Government-furnished property in a condition not suitable for its intended use;
- (3) A decrease in or substitution of Government-furnished property; or
- (4) Failure to repair or replace Government property for which the Government is responsible.

(i) **FINAL ACCOUNTING AND DISPOSITION OF GOVERNMENT PROPERTY.** Upon completing this contract, or at such earlier dates as may be fixed by the Contracting Officer, the Contractor shall submit, in a form acceptable to the Contracting Officer, inventory schedules covering all items of Government property (including any resulting scrap) not consumed in performing this contract or delivered to the Government. The Contractor shall prepare for shipment, deliver f.o.b. origin, or dispose of the Government property as may be directed or authorized by the Contracting Officer. The net proceeds of any such disposal shall be credited to the contract price or shall be paid to the Government as the Contracting Officer directs.

(j) **ABANDONMENT AND RESTORATION OF CONTRACTOR'S PREMISES.** Unless otherwise provided herein, the Government--

- (1) May abandon any Government property in place, at which time all obligations of the Government regarding such abandoned property shall cease; and
- (2) Has no obligation to restore or rehabilitate the Contractor's premises under any circumstances (e.g., abandonment, disposition upon completion of need, or upon contract completion). However, if the Government-furnished property (listed in the Schedule or specifications) is withdrawn or is unsuitable for the intended use, or if other Government property is substituted, then the equitable adjustment under paragraph (h) of this clause may properly include restoration or rehabilitation costs.

(k) **COMMUNICATIONS.** All communications under this clause shall be in writing.

(l) **OVERSEAS CONTRACTS.** If this contract is to be performed outside of the United States of America, its territories, or possessions, the words "Government" and "Government-furnished" (wherever they appear in this clause) shall be construed as "United States Government" and "United States Government-furnished," respectively.  
(FAR 52.245-2)

#### **1116 RESPONSIBILITY FOR GOVERNMENT-OWNED PETROLEUM PRODUCTS (DESC APR 1997)**

(a) Government-owned petroleum products received, stored, and transported under this contract are governed by the provisions of this clause.

(b) Title to any Government-owned petroleum products in the possession of or under the custody of the Contractor by reason of this contract, which is hereinafter referred to in this clause as "such property," shall at all times remain in the Government, and such property shall be used only for the purposes set forth in this contract. The Government shall at all times have access to the premises wherein any such property is located.

(c) The Contractor shall protect and preserve such property in a manner consistent with sound industrial practice.

(d) At the end of the contract period the Government may abandon any Government-owned petroleum products in place, at which time all obligations of the Government regarding such abandoned petroleum products shall cease. The contract price shall be reduced to reflect the fair market value of any abandoned petroleum products. If an agreement as to compensation for abandoned petroleum products cannot be reached in a timely manner, the Contracting Officer will make a formal determination. The decision will be subject to resolution in accordance with paragraph (d), Disputes, of the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS clause.

(e) The Contractor shall not be liable for loss of or damage to all such property while in the possession of or under the custody of the Contractor by reason of this contract, or for expenses incidental to such loss or damage, except that the Contractor shall be liable for any such loss or damage (including expenses incidental thereto)--

- (1) Which results from negligence, or bad faith, or willful misconduct of the Contractor, its employees, or agents; or
- (2) Which results from a risk that is in fact covered by insurance or for which the Contractor is otherwise reimbursed, but the Contractor in such case shall be responsible only to the extent of such insurance or reimbursement.

(f) Except for those risks assumed by the Contractor pursuant to subparagraph (e)(1) of this clause, the Contractor represents and warrants that the prices stated in the Schedule do not include the cost of insurance covering

risk or loss of or damage to such property while in the possession of or under the custody of the Contractor by reason of this contract, nor any provision for a reserve to cover such risk. In the event the Contractor is reimbursed or compensated for any loss or damage to such property, it shall reimburse the Government. The Contractor shall do nothing to prejudice the Government's rights to recover against third parties for any such loss or damage and, upon the request of the Contracting Officer, shall, at the Government's expense, furnish to the Government all reasonable assistance and cooperation (including the prosecution of suit and the execution of instruments of assignment in favor of the Government) in obtaining recovery. (DESC 52.245-9F25)

#### **1119.04 INVENTORY CONTROL RECORDS AND SYSTEMS OF RECORD (DESC JAN 2003)**

(a) **INTRODUCTION.** The Contractor shall prepare all documentation and systemically process related transactions in accordance with the information and instructions provided herein. Documents and procedures are subject to change. The Government shall notify the Contractor at least 30 days prior to implementation of any change. Unless the Government has specifically stated it will provide the hardware (usually at Government-owned facilities), the Contractor shall provide requisite hardware (specifications will be provided by the Government) capable of processing inventory and accounting transactions through DESC-provided applications or software. The current processing methodologies include via TELNET/DADS to the Defense Fuels Automated Management System (DFAMS) or via a web/internet-based or web dial-in application under the Fuels Automated System (FAS) program (transactions are processed to the FAS Enterprise Server (FES)). The FAS applications require the Contractor to either have internet access (with static IP address capability) or establish a dial-in account to the DESC FAS web server (once system access has been approved). Currently, DESC web-based applications use the DoD Public Key Infrastructure (PKI) compliant web browser which will be provided to the Contractor by DESC. These identified DESC systems require user identifications and passwords in accordance with DoD Automated Data Processing (ADP) Level III systems access. The Contractor shall be responsible for (in conjunction with DESC/DLA) identifying employees that will be processing inventory/accounting transactions for obtaining requisite systems access for those employees. It should be noted that DoD ADP Level III systems access requires a National Agency Check (NAC) investigation. Those contractors which have not had a NAC will be provided forms and fingerprint cards for the investigation, which DLA will initiate. The Contractor shall notify DESC when Contractor personnel with access privileges no longer work at the contract facility or no longer require access.

#### **(b) AUTOMATED FUEL INVENTORY REPORTING REQUIREMENTS.**

(1) The Contractor shall prepare all necessary documentation (see paragraph (b)(5)) for, and systemically process, each transaction affecting the inventory of Government-owned products in its possession by virtue of this contract. Within 48 hours of each transaction, the Contractor shall input transaction data into the automated inventory and accounting system(s) or applications designated/provided by the Government. Initial training for inputting transactional data will be provided by the Government via on-site support or via electronic means, such as user manuals or on-line support/tutorials, after which the Contractor assumes all responsibility for timeliness and accuracy of transaction data input by its employees. The Contractor shall prepare and report each transaction in accordance with guidance provided during the training and, thereafter, by qualified Government representatives. The Government will advise the Contractor of any changes in processing and reporting procedures. The Government reserves the right to telephone the Contractor on a daily basis (Monday through Friday, except holidays) to obtain information concerning transactions processed *to* monitor transactions using identified processing systems.

(2) The Contractor shall record the physical inventory quantity (corrected to 60 degrees Fahrenheit) in the automated inventory system for each Government-owned product stored at the facility. Weekly inventory shall be recorded as of 0800 local time every Friday and monthly inventory shall be recorded as of 0800 local time on the first calendar day of each month. However, systemically, the end of month (EOM) physical inventory shall be reported against the last calendar day of the preceding month. The Contractor shall have the account reconciled by the third working day of the month.

(3) The Contractor shall prepare inventory adjustment documents (DD Form 1348-8) when inventory variances (discrepancies) exceed tolerance factors\*; and when determinable losses occur, such as contaminated fuels, spills, pipeline ruptures, explosions or loss of product samples (five gallons or more) shipped to laboratories. A statement shall be provided by the Contractor on each inventory adjustment document explaining each gain and/or loss in excess of DESC provided tolerances. Each document shall be signed and dated by the Contractor's representative and the authorized Government representative and copies provided to DESC-FIE and DESC-FIW. The authorized Government representative shall indicate whether he/she concurs or nonconcurs with the statement and shall provide an explanation for any nonconcurrence. The term **authorized Government representative**, as used in this clause, refers to the quality representative assigned to the DFSP.

\*Tolerance factors are 0.50 percent (0.005) for aviation and motor gasoline (avgas 130, MUR, MUP, etc.); 0.30 percent (0.003) for JP4; and 0.25 percent (0.025) for other jet fuels, distillates, residuals (JP5/JP8, diesel grades, F76, JPTS, etc.) and FSII.

(4) **END OF MONTH RECONCILIATION.** The Contractor shall have the account reconciled by the third working day of the month. The Contractor shall also provide DESC-FIE and DESC-FIW, within five working days after the end of the month, a written explanation of any discrepancy providing a detailed explanation of any gain or loss transaction in excess of tolerance. The Contractor shall retain all supporting documents on file for future audits.

**(c) OTHER REQUIREMENTS.**

(1) **STORAGE TANK OUT OF SERVICE.** Prior to removing a storage tank from service, the Contractor shall immediately notify the authorized Government representative by telephone, with follow-up confirmation in writing, providing the date and time the tank is scheduled to be removed from service. In addition, the Contractor shall provide the authorized Government representative a written estimate of unrecoverable tank bottoms. The estimate will be reviewed and approved by the authorized Government representative prior to submission to DESC.

(2) **UNRECOVERABLE TANK BOTTOMS.** Prior to the end of the contract period, the Contractor shall provide the authorized Government representative a written estimate of unrecoverable tank bottoms. The estimate will be reviewed and approved by the authorized Government representative prior to submission to DESC.

(3) **REPORTING FUEL ADDITIVES AND SLOP FUEL.** Government-owned fuel additives, slop fuel, and transmix stock at the DFSP will be treated as separate and distinct items, and all transactions shall be documented as outlined herein. These products will be recorded in gallons and reported under the approved National Stock Number (NSN).

(i) An auditable identity change document (DD Form 1348-8) shall be used to account for bulk FSII blended with bulk fuel and fuel downgraded to slop. Fractions of a gallon cannot be used (e.g., if 1.5 gallons of FSII were injected, report 1 gallon and record the .5 once a whole gallon is used).

(ii) Packaged additives such as COR, ASA, AS1, AD1, and CO1 shall be accounted for locally using a general log or ledger. As the additive is injected, record the amount in the log to track usage and inventory. No other documentation is required.

(4) **CREATION OF SHIPMENT TRANSACTIONS.** As required and directed by the Government, storage Contractors shall create electronic shipment transactions using the USBank POWERTRACK on-line freight payment system. The Government shall advise Contractors of any changes in processing and reporting procedures. Contractors shall contact the Government when additional guidance is required. CONUS storage Contractors shall maintain a daily written log of motor carrier performance to include: carrier, destination, number of trucks ordered, number of trucks furnished, and deficiencies. On the last business day of each calendar month, the Contractor shall forward a copy of the daily written logs to the DESC Americas office having oversight of the motor carrier contract.

(5) **STATEMENT OF AUTHORIZED SIGNATURES.** The Contractor shall furnish the authorized Government representative a statement containing the names and handwritten signatures of persons authorized by the Contractor to receive and accept Government-owned product or property.

(6) **CHANGE IN DFSP OPERATOR.** Transfer of residual inventory from expired contracts will be made regardless of whether there is a change in contractors. The transfer of DFSP product will be accomplished as follows:

(i) The outgoing Contractor, the new Contractor, and the authorized Government representative will jointly gauge all tanks and calculate the physical inventory.

(ii) Upon completion of the inventory, a DD Form 1348-8 will be completed for each grade of fuel.

(iii) The following certification will be typed on each DD Form 1348-8 and signed by the appropriate individuals:

"The inventory recorded on this DD Form 1348-8 has been transferred from contract

(old number)     to contract     (new number)     on     (date)    .

Signature                     (Outgoing Contractor)                     /                     (New Contractor)                     "

(iv) The Contractor shall provide this information to the Government by telephone and by mailing one copy of each DD Form 1348-8.

(v) The Government will mail three copies of the Inventory Reconciliation Document Register\* covering the transfer month to the outgoing Contractor. The outgoing Contractor shall apply appropriate certification to the Inventory Reconciliation Document Register\* and retain one copy, provide one copy to the new Contractor, and return the third copy to the Government.

(7) **RETENTION OF ACCOUNTABLE RECORDS AND DOCUMENTS.** All records and documents identified above are DESC-accountable records and must be retained for two years after expiration of the contract.

*\*Not separately required if DESC provided automated inventory/accounting systems or applications are being used to electronically process transactional data (i.e., applications under the DESC FAS program).*

#### **I132.02 ORDER OF PRECEDENCE - UNIFORM CONTRACT FORMAT (OCT 1997)**

- (e) The specifications.

(FAR 52.215-8)

#### **I147 DEMURRAGE (DESC NOV 1989)**

Subject to paragraph (c) of the DEFAULT clause, the Contractor shall pay to the vessel operator or carrier, or reimburse the Government for, any demurrage incurred by reason of the Contractor's failure to comply with the provisions of this contract.

(DESC 52.247-9FP5)

#### **I180.02 ENVIRONMENTAL PROTECTION (STORAGE) (DESC MAY 1987)**

The Contractor agrees to conform to all laws and regulations relating to the protection of the environment in effect on the date the contract is awarded, which are applicable to its operation in the performance of this contract. The Contractor further agrees to conform to any laws or regulations enacted after contract award that are applicable to its operation in the performance of this contract. In the event that conformance with any such new laws or regulations causes an increase or decrease in the operating cost, the Contractor and the Government will negotiate an equitable adjustment in the contract price. Failure to agree on an equitable adjustment in the contract price shall be a dispute concerning a question of fact within the meaning of the DISPUTES clause of this contract; however, nothing in this clause shall excuse the Contractor from implementing any such laws or regulations. The Contractor shall proceed with performance of this contract, unless so advised in writing by the Contracting Officer.

(DESC 52.223-9F25)

#### **I198 PRICING OF CONTRACT MODIFICATIONS (DEC 1991)**

When costs are a factor in any price adjustment under this contract, the contract cost principles and procedures in FAR Part 31 and DFARS Part 231, in effect on the date of this contract, apply.

(DFARS 252.243-7001)

#### **I203 SUPPLEMENTAL COST PRINCIPLES (DEC 1991)**

When the allowability of costs under this contract is determined in accordance with Part 31 of the Federal Acquisition Regulation (FAR), allowability shall also be determined in accordance with Part 231 of the Defense FAR Supplement, in effect on the date of this contract.

(DFARS 252.231-7000)

**I209.03 EXTENSION PROVISION (STORAGE) (DESC SEP 1991)**

The Government shall have the right to extend this contract upon the same terms and conditions on a month-by-month basis for a total of no more than six months. Notice of extensions may be furnished any time prior to the expiration of this contract or any extensions thereof. The foregoing extensions may be exercised by the Government only if (a) a decision is made by the Government that the additional time is required to deplete the Government-owned stocks stored in the facility, (b) a contract for follow-on services is terminated for default by the Government prior to commencement of services, or (c) where the extension is required to sustain performance because of difficulties encountered in award of the follow-on contract. (DESC 52.217-9F40)

**I211 ORDERING (OCT 1995)**

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from **1 January 2004** through **31 December 2009**.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule. (FAR 52.216-18)

**I225 PAYMENTS (APR 1984)**

The Government shall pay the Contractor, upon the submission of proper invoices or vouchers, the prices stipulated in this contract for supplies delivered and accepted or services rendered and accepted, less any deductions provided in this contract. Unless otherwise specified in this contract, payment shall be made on partial deliveries accepted by the Government if--

(a) The amount due on the deliveries warrants it; or

(b) The Contractor requests it and the amount due on the deliveries is at least \$1,000 or 50 percent of the total contract price. (FAR 52.232-1)

**I227 AVAILABILITY OF FUNDS FOR THE NEXT FISCAL YEAR (APR 1984)**

Funds are not presently available for performance under this contract beyond contract start date. The Government's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract beyond contract start date, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer. (FAR 52.232-19)

**I229 RESTRICTIONS ON SUBCONTRACTOR SALES TO THE GOVERNMENT (JUL 1995)**

(a) Except as provided in (b) below, the Contractor shall not enter into any agreement with an actual or prospective subcontractor, nor otherwise act in any manner, which has or may have the effect of restricting sales by such subcontractors directly to the Government of any item or process (including computer software) made or furnished by the subcontractor under this contract or under any follow-on production contract.

(b) The prohibition in (a) above does not preclude the Contractor from asserting rights that are otherwise authorized by law or regulation.

(c) The Contractor agrees to incorporate the substance of this clause, including this paragraph (c), in all subcontracts under this contract that exceed \$100,000. (FAR 52.203-6)

**NOTE:**

**ALTERNATE I (OCT 1995), substitute this paragraph (b) for commercial acquisitions:**

(b) The prohibition in paragraph (a) of this clause does not preclude the Contractor from asserting rights that are otherwise authorized by law or regulation. For acquisitions of commercial items, the prohibition in paragraph (a) applies only to the extent that any agreement restricting sales by subcontractors results in the Federal Government being treated differently from any other prospective purchaser for the sale of the commercial item(s).

**I242 INTEGRITY OF UNIT PRICES (OCT 1997)**

(a) Any proposal submitted for the negotiation of prices for items of supplies shall distribute costs within contracts on a basis that ensures that unit prices are in proportion to the items' base cost (e.g., manufacturing or acquisition costs). Any method of distributing costs to line items that distorts unit prices shall not be used. For example, distributing costs equally among line items is not acceptable except when there is little or no variation in base cost. Nothing in this paragraph requires submission of cost or pricing data not otherwise required by law or regulation.

(b) When requested by the Contracting Officer, the Offeror/Contractor shall also identify those supplies that it will not manufacture or to which it will not contribute significant value.

(c) The Contractor shall insert the substance of this clause, less paragraph (b), in all subcontracts for other than: acquisitions at or below the simplified acquisition threshold in FAR Part 2; construction or architect-engineer services under FAR Part 36; utility services under FAR Part 41; services where supplies are not required; commercial items; and petroleum products.

In either case, the prime Contractor shall notify the Contracting Officer when the monies are withheld.

(5) The Contractor agrees to incorporate the substance of this clause, including this subparagraph (c)(5) but excepting subparagraph (c)(1), in all subcontracts under this contract that exceed \$100,000. (FAR 52.203-7)

(a) The Contractor shall not deny consideration for a subcontract award under this contract to a potential subcontractor subject to on-site inspection under the INF Treaty, or a similar treaty, solely or in part because of the actual or potential presence of Soviet inspectors at the subcontractor's facility, unless the decision is approved by the Contracting Officer.

(b) The Contractor shall incorporate this clause, including this paragraph (b), in all solicitations and contracts exceeding the simplified acquisition threshold in Part 13 of the Federal Acquisition Regulation, except those for commercial items. (DFARS 252.209-7000)

**I257 INCONSISTENCY BETWEEN ENGLISH VERSION AND TRANSLATION OF CONTRACT (FEB 2000)**

(b) A corporate officer or a designee of the Contractor shall notify the Contracting Officer, in writing, before entering into a subcontract with a party that is identified on the List of Parties Excluded from Federal Procurement and Nonprocurement Programs as being ineligible for the award of Defense contracts or subcontracts because it is owned or controlled by the government of a terrorist country. **Consent to subcontract** means the Contracting Officer's written consent for the Contractor to enter into a particular subcontract.

**Subcontract** means any contract, as defined FAR Subpart 2.1, entered into by a subcontractor to furnish supplies or services for performance of the prime contract or a subcontract. It includes, but is not limited to, purchase orders, and changes and modifications to purchase orders.

(b) This clause does not apply to subcontracts for special test equipment when the contract contains the clause at FAR 52.245-18, Special Test Equipment.

(c) When this clause is included in a fixed-price type contract, consent to subcontract is required only on unpriced contract actions (including unpriced modifications or unpriced delivery orders), and only if required in accordance with paragraph (d) or (e) of this clause.

(d) If the Contractor does not have an approved purchasing system, consent to subcontract is required for any subcontract that--

- (1) Is of the cost-reimbursement, time-and-materials, or labor-hour type; or
- (2) Is fixed-price and exceeds--

(i) For a contract awarded by the Department of Defense, the Coast Guard, or the National Aeronautics and Space Administration, the greater of the simplified acquisition threshold or 5 percent of the total estimated cost of this contract; or

(ii) For a contract awarded by a civilian agency other than the Coast Guard and the National Aeronautics and Space Administration, either the simplified acquisition threshold or 5 percent of the total estimated cost of the contract.

(e) If the Contractor has an approved purchasing system, the Contractor nevertheless shall obtain the Contracting Officer's written consent before placing the following subcontracts:

---

---

---

(f) (1) The Contractor shall notify the Contracting Officer reasonably in advance of placing any subcontract or modification thereof for which consent is required under paragraph (c), (d), or (e) of this clause, including the following information:

- (i) A description of the supplies or services to be subcontracted.
- (ii) Identification of the type of subcontract to be used.
- (iii) Identification of the proposed subcontractor.

  - (E) The extent to which it was recognized in the negotiation that the subcontractor's cost or pricing data were not accurate, complete, or current; the action taken by the Contractor and the subcontractor; and the effect of any such defective data on the total price negotiated;
  - (F) The reasons for any significant difference between the Contractor's price objective and the price negotiated; and
  - (G) A complete explanation of the incentive fee or profit plan when incentives are used. The explanation shall identify each critical performance element, management decisions used to quantify each incentive element, reasons for the incentives, and a summary of all trade-off possibilities considered.

(2) If the Contractor has an approved purchasing system and consent is not required under paragraph (c), (d), or (e) of this clause, the Contractor nevertheless shall notify the Contracting Officer reasonably in advance of entering into any (i) cost-plus-fixed-fee subcontract, or (ii) fixed-price subcontract that exceeds the greater of the simplified acquisition threshold or 5 percent of the total estimated cost of this contract. The notification shall include the information required by paragraphs (f)(1)(i) through (f)(1)(iv) of this clause.

(g) Unless the consent or approval specifically provides otherwise, neither consent by the Contracting Officer to any subcontract nor approval of the Contractor's purchasing system shall constitute a determination--

- (1) Of the acceptability of any subcontract terms or conditions;
- (2) Of the allowability of any cost under this contract; or
- (3) To relieve the Contractor of any responsibility for performing this contract.

(h) No subcontract or modification thereof placed under this contract shall provide for payment on a cost-plus-a-percentage-of-cost basis, and any fee payable under cost-reimbursement type subcontracts shall not exceed the fee limitations in FAR 15.404-4(c)(4)(i).

(i) The Contractor shall give the Contracting Officer immediate written notice of any action or suit filed and prompt notice of any claim made against the Contractor by any subcontractor or vendor that, in the opinion of the Contractor, may result in litigation related in any way to this contract, with respect to which the Contractor may be entitled to reimbursement from the Government.

(j) The Government reserves the right to review the Contractor's purchasing system as set forth in FAR Subpart 44.3.

(k) Paragraphs (d) and (f) of this clause do not apply to the following subcontracts, which were evaluated during negotiations:

**L2.05-8 INSTRUCTIONS TO OFFERORS - COMPETITIVE ACQUISITION (ALT I) (FEB 2000/OCT 1997)**

(a) **DEFINITIONS.** As used in this provision--

(1) **Discussions** are negotiations that occur after establishment of the competitive range that may, at the Contracting Officer's discretion, result in the offeror being allowed to revise its proposal.

(2) **In writing or written** means any worded or numbered expression that can be read, reproduced, and later communicated, and includes electronically transmitted and stored information.

(3) **Proposal modification** is a change made to a proposal before the solicitation's closing date and time, or made in response to an amendment, or made to correct a mistake at any time before award. Proposal revision is a change to a proposal made after the solicitation closing date, at the request of or as allowed by a Contracting Officer as the result of negotiations.

(4) **Time**, if stated as a number of days, is calculated using calendar days, unless otherwise specified, and will include Saturday, Sundays, and legal holidays. However, if the last day falls on a Saturday, Sunday, or legal holiday, then the period shall include the next working day.

(b) **AMENDMENTS TO SOLICITATIONS.** If this solicitation is amended, all terms and conditions that are not amended remain unchanged. Offerors shall acknowledge receipt of any amendment to this solicitation by the date and time specified in the amendment(s).

(c) **SUBMISSION, MODIFICATION, REVISION, AND WITHDRAWAL OF PROPOSALS.**

(1) Unless other methods (e.g., electronic commerce or facsimile) are permitted in the solicitation, proposals, and modifications to proposals shall be submitted in paper media in sealed envelopes or packages—

(i) Addressed to the office specified in the solicitation; and

(ii) Showing the time and date specified for receipt, the solicitation number, and the name and address of the offeror. Offerors using commercial carriers should ensure that the proposal is marked on the outermost wrapper with the information in paragraphs (c)(1)(i) and (c)(1)(ii) of this provision.

(2) The proposal must show--

(i) The solicitation number;

(ii) The name, address, and telephone and facsimile numbers of the offeror (and electronic address if available);

(iii) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and agreement to furnish any or all items upon which prices are offered at the prices set opposite each item;

(iv) Names, titles, and telephone and facsimile numbers (and electronic address if available) of persons authorized to negotiate on the offeror's behalf with the Government in connection with this solicitation; and

(v) Name, title, and signature of person authorized to sign the proposal. Proposals signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.

(3) **Submission, modification, revision, and withdrawal of proposals.**

(i) Offerors are responsible for submitting proposals, and any modifications or revisions, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that proposal or revision is due.

(ii) (A) Any proposal, modification, or revision received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "**late**" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

(a) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of proposals; or

(b) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers, or

It was sent by registered or certified mail not later than the fifth calendar day before the date specified for receipt of offers (e.g., an offer submitted in response to a solicitation requiring receipt of offers by the 20<sup>th</sup> of the month must have been mailed by the 15<sup>th</sup>);

(c) It is the only proposal received.

It was sent by mail (or telegram or facsimile, if authorized) or hand-carried (including delivery by a commercial carrier) if it is determined by the Government that the late receipt was due primarily to Government mishandling after receipt at the Government installation;

(B) However, a late modification of an otherwise successful proposal that makes its terms more favorable to

(iii) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the proposal wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(iv) If an emergency or unanticipated event interrupts normal Government processes so that proposals cannot be received at the office designated for receipt of proposals by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation, the time specified for receipt of proposals will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(v) Proposals may be withdrawn by written notice received at any time before award. Oral proposal in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile proposals, proposals may be withdrawn via facsimile received at any time before award, subject to the conditions specified in the FACSIMILE PROPOSALS provision. Proposals may be withdrawn in person by an offeror or an authorized representative, if the identity of the person requesting withdrawal is established and the person signs a receipt for the proposal before award.

(4) Unless otherwise specified in the solicitation, the offeror may propose to provide any item or combination of items.

(5) Offerors shall submit proposals in response to this solicitation in English, unless otherwise permitted by the solicitation, and in U.S. dollars, unless the provision at FAR 52.225-17, EVALUATION OF FOREIGN CURRENCY OFFERS, is included in the solicitation.

(6) Offerors may submit modifications to their proposals at any time before the solicitation closing date and time, and may submit modifications in response to an amendment, or to correct a mistake at any time before award.

(7) Offerors may submit revised proposals only if requested or allowed by the Contracting Officer.

(8) Proposals may be withdrawn at any time before award. Withdrawals are effective upon receipt of notice by the Contracting Officer.

(d) **OFFER EXPIRATION DATE.** Proposals in response to this solicitation will be valid for the number of days specified on the solicitation cover sheet.

(e) **RESTRICTION ON DISCLOSURE AND USE OF DATA.** Offerors that include in their proposals data that they do not want disclosed to the public for any purpose, or used by the Government except for evaluation purposes, shall--

(1) Mark the title page with the following legend: THIS PROPOSAL INCLUDES DATA THAT SHALL NOT BE DISCLOSED OUTSIDE THE GOVERNMENT AND SHALL NOT BE DUPLICATED, USED, OR DISCLOSED -- IN WHOLE OR IN PART -- FOR ANY PURPOSE OTHER THAN TO EVALUATE THIS PROPOSAL. IF, HOWEVER, A CONTRACT IS AWARDED TO THIS OFFEROR AS A RESULT OF -- OR IN CONNECTION WITH -- THE SUBMISSION OF THIS DATA, THE GOVERNMENT SHALL HAVE THE RIGHT TO DUPLICATE, USE, OR DISCLOSE THE DATA TO THE EXTENT PROVIDED IN THE RESULTING CONTRACT. THIS RESTRICTION DOES NOT LIMIT THE GOVERNMENT'S RIGHT TO USE INFORMATION CONTAINED IN THIS DATA IF IT IS OBTAINED FROM ANOTHER SOURCE WITHOUT RESTRICTION. THE DATA SUBJECT TO THIS RESTRICTION ARE CONTAINED IN SHEETS (INSERT NUMBERS OR OTHER IDENTIFICATION OF SHEETS); and

(2) Mark each sheet of data it wishes to restrict with the following legend: USE OR DISCLOSURE OF DATA CONTAINED ON THIS SHEET IS SUBJECT TO THE RESTRICTION ON THE TITLE PAGE OF THIS PROPOSAL.

(f) **CONTRACT AWARD.**

(1) The Government intends to award a contract or contracts resulting from this solicitation to the responsible offeror(s) whose proposal(s) represents the best value after evaluation in accordance with the factors and subfactors in the solicitation.

(2) The Government may reject any or all proposals if such action is in the Government's interest.

(3) The Government may waive informalities and minor irregularities in proposals received.

(4) The Government intends to evaluate proposals and award a contract after conducting discussions with offerors whose proposals have been determined to be within the competitive range. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals. Therefore, the offeror's initial proposal should contain the offeror's best terms from a price and technical standpoint.

(5) The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit cost or prices offered, unless the offeror specifies otherwise in the proposal.

(6) The Government reserves the right to make multiple awards if, after considering the additional administrative costs, it is in the Government's best interest to do so.

(7) Exchanges with offerors after receipt of a proposal do not constitute a rejection or counteroffer by the Government.

(8) The Government may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that the lack of balance poses an unacceptable risk to the Government.

(9) If a cost realism analysis is performed, cost realism may be considered by the source selection authority in evaluating performance or schedule risk.

(10) A written award or acceptance of proposal mailed or otherwise furnished to the successful offeror within the time specified in the proposal shall result in a binding contract without further action by either party.

(11) The Government may disclose the following information in postaward debriefings to other offerors:

(i) The overall evaluated cost or price and technical rating of the successful offeror;

(ii) The overall ranking of all offerors, when any ranking was developed by the agency during

source selection;

(iii) A summary of the rationale for award; and

(iv) For acquisitions of commercial items, the make and model of the item to be delivered by the

successful offeror.

If no time is specified in the IFB, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date bids are due.

(b) (1) Any bid, modification, or withdrawal received at the Government office designated in the IFB after the exact time specified for receipt of bids is "late" and will not be considered unless it is received before award is made; the Contracting Officer determines that accepting the late bid would not unduly delay the acquisition; and --

(i) If it was transmitted through an electronic commerce method authorized by the IFB, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of bids; or.

(ii) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of bids and was under the Government's control prior to the time set for receipt of bids.

(2) However, a late modification of an otherwise successful bid that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(c) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the bid wrapper; other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(d) If an emergency or unanticipated event interrupts normal Government processes so that bids cannot be received at the Government office designated for receipt of bids by the exact time specified in the IFB and urgent Government requirements preclude amendment of the IFB, the time specified for receipt of bids will be deemed to be extended to the same time of day specified in the solicitation on the first workday on which normal Government processes resume.

Protests filed with the Agency should clearly state that they are an "Agency Level Protest under Executive Order No. 12979." (**NOTE:** DLA procedures for Agency Level Protests filed under Executive Order No. 12979 allow for a higher level decision on the initial protest than would occur with a protest to the Contracting Officer; this process is not an appellate review of a Contracting Officer's decision on a protest previously filed with the Contracting Officer.) Absent a clear indication of the intent to file an agency level protest, protests will be presumed to be protests to the Contracting Officer. (DLAD 52.233-9000)

#### **L74 TYPE OF CONTRACT (APR 1984)**

The Government contemplates award of a **Firm-Fixed Price** contract resulting from this solicitation. (FAR 52.216-1)

#### **L201.02 INSTRUCTIONS TO OFFERORS (COCO) (DESC MAY 1997)**

(a) Any handcarried offer must be received at the depository indicated on the Standard Form (SF) 33 or SF 1449 of this solicitation by the date and time specified for receipt of offers. Evidence to establish the time of receipt at the Government installation is the time/date stamp of that installation on the solicitation wrapper or other documentary evidence of receipt maintained by the installation.

(b) Offers delivered by an express delivery service will be considered "handcarried." Therefore, bidders/offerors that respond to this solicitation using an express delivery service must ensure that the express delivery service "handcarries" the offer to the depository indicated on the SF 33 or SF 1449.

(c) The term **express delivery service** does not include Express Mail delivered by the United States Postal Service. Express Mail will be considered "mail" under the LATE SUBMISSIONS, MODIFICATIONS, AND WITHDRAWALS OF BIDS provision or the Late Offers paragraph of the INSTRUCTIONS TO OFFERORS - COMMERCIAL ITEMS or INSTRUCTIONS TO OFFERORS - COMPETITIVE ACQUISITIONS provision.

### **SECTION M – EVALUATION FACTORS FOR AWARD**

#### **M2.13 EVALUATION OF OFFERS (MULTIYEAR COCO STORAGE) (DESC DEC 1996)**

- (a) All offers will be evaluated on price and past performance. These two factors are equal in importance. Award will be made to the offeror who represents the best value combination of price and past performance.
- (b) **PRICE.** The low multiyear offer will be determined by computing the total cost to the Government for five years of service. This will be accomplished by adding—
  - (1) The monthly service charge offered in Line Item 1001 of the Schedule multiplied by 60;
  - (2) The estimated excess throughput charge for five years (Line Item 1002 excess throughput rate multiplied by 500,000 barrels\*); and
  - (3) The estimated five year cost of any additional charges listed under Line Item 1001C.
- (c) **PAST PERFORMANCE.**
  - (1) The Government will evaluate the offeror's past performance. In doing this, the Government may consider information in the offeror's proposal and information obtained from other sources, including past and present customers and their employees, subcontractors, and any others who may have useful information. Offerors lacking relevant past performance history shall receive a neutral evaluation for past performance.
  - (2) A record of acceptable past performance will not result in a favorable assessment of an otherwise unacceptable proposal.
  - (3) Proposals may be rated differently within each category, i.e., two proposals may receive an exceptional rating, but one may be more exceptional than the other.

\*This five year estimated excess throughput quantity will be used for evaluation purposes only.

(DESC 52.216-9F50)

#### **M72 EVALUATION OF OFFERS (EXCEPTIONS/DEVIATIONS) (DESC APR 1997)**

- (b) Any exceptions/deviations to the terms and conditions of this solicitation will result in the Government's determination that either--
  - (1) The exception/deviation is material enough to warrant rejection of the offer in part or in full; or
  - (2) The exception/deviation is acceptable.
- (c) If the exception/deviation is in reference to a specification contained in this solicitation and the offeror cannot supply product fully meeting the required specification(s), the product can be offered for consideration provided the offeror clearly indicates, by attachment to the offer, the extent to which any product offered differs from the required specification(s).
- (d) If the exception/deviation is in reference to a particular test, inspection, or testing method contained in this solicitation, the offer can be considered provided the offeror clearly indicates, by attachment to the offer, the extent to which its offer differs from those requirements.
- (e) If the exception/deviation is determined acceptable, offered prices may be adjusted, for evaluation purposes only, by the Government's best estimate of the quantitative impact of the advantage or disadvantage to the Government that might result from making an award under those circumstances.
